15.	Clerk Judicial Office Madho Mohan s/o Ram Kumar	20/-	115/-
16.	Tarichtedar Judicial Ramzan Khan s/o Khuda Bux	42/8/-	150/-
17.	Muntazi Kharkosh Liyaqat Hussain s/o Ata Md.	40/-	120/-
18.	Sowar Risala Surjan Singh s/o Chander Singh	11/-	60/-
19.	Motor Driver Mohammed Khan s/o Mola Bux	35/-	200/-
20.	Manager Prem Bahri Lutt s/o Govind Ram	45/-	200/-
21.	Sowar Risala Ashraf s/o Habib Khan	25/-	100/-
22.	Sepoy Sultan Tilangan Bhur Singh and Jawan Singh	21/-	120/-
23.	Naik Sultan Tilangan Rahman and Ahmad	22/-	120/-
24.	Clerks Treasury Shri Gopal and Hanuman Prasad	55/-	325/-
25.	Supdt. Customs B. Trilochi Nath	150/-	600/-
26.	Book Binder Azimuddin s/o Nashmatullah	20/-	115/-
27.	Sowar Risala Mirhan Singh s/o Harnath Singh	25/-	100/-
28.	Contractor Seri Pak Mango Lal s/o Shivdatmi	65/-	300/-
29.	Teacher Karaluddin s/o Niyamatullah	25/-	145/-
30.	Sowar Tahsil Noor Mohammed s/o Bunyad Ali	15/-	60/-

APPENDIXXXIV.

Statement showing Kothi transaction (Sadar and Parganas) in Khetri Thikana for Sambat 1988.

Name of Kothi	Balance of loans outstanding.	Fresh loans issued during the year.	Interest during the year.	Total	Credit during the year or realication	Balance at the end of the year.
Kothi Sadar	3,42,848- 1-2	20.565- 0-0	2,002-10-6	3,65,415-11-8	2,55,920- 0-3	1,09,495-11-5 *
Parganas	27,281-13-0	---	---	27,281-13-0	1,240- 0-6	26,041-12-6
Total	3,70,129-14-2	20,565- 0-0	2,002-10-6	3,92,697- 8-8	2,57,160- 0-9	1,35,537- 7-11

* Out of this R. 26,558-10-6 brings interest and R. 9,207-5-6 spent on Post Office brings rent.

REPORT

ON THE ADMINISTRATION OF THE THIKANA KHETRI

FOR SAMBAT 1983

ENDING 31ST. AUGUST 1927.

****

CHAPTER I

The Ijlas

Mr. Raina held charge till 1.11.26 when I took over from him on my return from leave.

The late Raja Amar Singh Bahadur was residing at Jaipur at the beginning of the Sambat but he returned to Khetri on 31st January 1927. Shortly after his return his health, which had not been good for some time past, took a turn for the worse. Inspite of the best medical attention his condition became hopeless and finally on 6th May 1927 he passed away at the age of 29½ years.

~~Raja Sardar Singh Bahadur~~ The Dastarbandi ceremony of Raja Sardar Singh Bahadur, the only child of the late Raja Saheb Bahadur was ~~installed on the gaddi~~ performed in Bhopalgarh fort on 17th May 1927. Raja Sardar Singh was 7 years of age at the time, and so the administration was carried on as before.

CHAPTER II

Judicial Seega

STAFF

Babu Raghubar Dayal B.A., L.L.B. continued to hold charge of the Judicial Seega throughout the year.

Lala Sukhmohan Lal B.A., L.L.B. continued to hold charge of the post of foujdar uptill 9th June 1927 when he was appointed Nazim of Kotputli. He was succeeded as Foujdar by Pandit Mahabir Prasad, B.A.L.L.B. who took over charge on the 28th June. Munshi Mohd. Mustafa, Private Secretary to the late Raja Saheb, officiated as foujdar for the interim period.

Rai Saheb Behari Lal the Nazim of Kotputli resigned his post on 21.3.1927 and was succeeded by Rai Saheb Chhajju Mal, but the latter also resigned and the post was then filled by Lala Sukhmohan Lal.

Babu Madan Lal continued to work as Naib Nazim at Kotputli. There were several transfers amongst the Tahsildars. Lala Banke Behari Lal continued throughout the year as Tahsildar Chirawa, but Tiwari Bhonri Lal was transferred from Babai to Ajitgarh and from Ajitgarh Munshi Mohd. Mustafa went to Singhana and from the latter place Munshi Fatehuddin went to Babai. Subsequently Mohd. Mustafa was appointed Private Secretary to the late Raja Saheb and Munshi Abdul Aziz was appointed Tahsildar Singhana. After the late Raja Saheb's death Munshi Mohd. Mustafa was transferred to Jhunjhunu as Vakil after officiating for a short time as foujdar and Munshi Shure Khan vakil was transferred to Torawati.

CRIMINAL JUSTICE

Appendix I shows the number of criminal cases dealt with by the courts during the year. The statement again shows a decrease of 89 cases as compared with last year's total of 1060. The percentage of disposal was 95.02 as compared with 97.04 and the percentage of convictions fell from 18.01 to 17.83. In all 1256 persons were prosecuted as compared with 1238 of the previous year and of this number 941 were discharged or acquitted, and 224 were convicted. Many complaint cases are of a frivolous nature and a number are obviously false and it is desirable that action should be taken in some such cases against the complainants.

Appendix I (A) gives the number of cases referred to Jaipur Courts.

Appendix II gives the figures showing how persons prosecuted were dealt with.

Appendix III gives figures regarding appeals. 12 appeals from the order of acquittal were preferred to the Ijlas through the Judicial Officer and were all rejected.

CIVIL JUSTICE

Appendix IV gives the number of suits filed and dealt with in the courts during the year. The number of suits

instituted was 789 as against 711 of the former year. The total valuation of the claims was Rs 1,02,361/12/3 as compared with Rs 1,08,632/-. The percentage of disposal was 95.7 as against 96.8 .

Appendix V gives the number of results of application for execution of decrees made during the year.

Appendix VI gives the number and results of appeals filed during the year.

CHAPTER III

The Army

There were no alterations in the higher officers of the staff, but alterations were made in lower grades as will be seen from the following comparative statement :-

	Sambat 1982		Sambat 1983	
	Sanctioned Strength	Actual Strength	Sanctioned Strength	Actual Streng
(A) Regulars				
1. Paltan Talingan	180	157	200	200
2. Risala	64	63	64	63
3. Topkhana	43	43	43	43
4. Band	30	30	30	30
5. Signalling Squad	12	11	12	11
(B) Irregulars				
1. Paltan Najiban	99	99	70	70
2. Bera Naikan	29	20	29	18
3. Risala Gharghorewale	83	82	21	21

The tahsil treasuries used to be guarded by unarmed tahsil sepoys. They were abolished and their place taken by 1 havildar and 4 sepoys of the paltan Talingan at each tahsil. Similarly the 18 sepoys of the Paltan Talingan in Khetri House Jaipur were replaced by men of Paltan Talingan. These new guards as well as those in Kotputli were inspected twice during the year by Col. Bane Singh.

There were 18 Gharghorewale sawars and 7 mail runners under the Judicial Officer. Of these, 65 sawars were transferred to the Revenue Department, as their work was almost

entirely revenue, and now 10 sawars that escort the Imperial mail and 7 runners remain under the charge of the Judicial Department.

To balance the increase in expenditure owing to the above alterations the following reductions were made :- The pay of the Col. was reduced from Rs 80/- to Rs 55/-, the post of Subedar was abolished, 20 posts of sepoys in the Pultan Talingan and 18 in the Pultan Majiban were brought under reduction.

CHAPTER IV

The Police

STAFF

There are no important alterations in the staff. Mirza Shamshuddin Khan continued to hold charge as Superintendent Police. The number and the pay of the force are given in Appendix VII.

Appendix VIII and IX give details of cognizable crime reported during the year and the action taken by the Police

CRIME

There was an increase of one case in the total crime viz. 493 as compared with 492. The number of offences against the persons fell from 30 to 16 while the figures for offences against property fell from 436 to 425. The amount of property stolen decreased from Rs 51,293/5/- to Rs 35,273/14/9. Recoveries amounted to Rs 10,958/1/- or .31 % of the total stolen as against .37 .

Badrasi claims for Rs 7,850/- were sent to the courts for settlement as compared with Rs 13,672/8/- in the previous year.

MURDER

There were no cases of murder or culpable homicide during the year. In one case death due to rupture of the spleen resulted from assault and the accused was convicted under section 323 I.P.C.

There were no cases under the dacoity and robbery sections. One case registered under dacoity against th Bhomias of Gurha was changed by the Jaipur courts to riot.

DACOITY

The number of cases shows an increase from 30 to 48 but the value of the stolen property fell from Rs 18,178/- to Rs 5,076/-/3. The biggest case was one of Rs 2,373/- in Khetri town. The culprits were undoubtedly the Minas of Torawati, but the Jaipur Police were not able to help us to lay them by the heels.

HOUSE BREAKING

This form of crime continues to be the most serious one indulged in by local criminals. The number of cases reported increased from 135 to 179, an increase of 44, which is not satisfactory. The figures for the two years are given below :-

CATTLE THEFT

Sambat 1982			Sambat 1983		
No.of cases	Value of stolen property	Value of stolen property recovered	No.of cases	Value of stolen property	Value of srolen proper recover
135	15,295.12. 0	9,834.12.0	179	21,830.10.0	8181.(

The Mina is undoubtedly responsible for most of the crime against property and in his dual capacity as criminal and choukidar he is having a profitable time. As I have pointed out in my previous reports, the Mina's income does not merely consist of his lawful earnings and his profits from direct theft, but he also carries on an extensive form of black mail and many cases of thefts are deleberately engineered by him and then settled by "Poonchi" and not reported to the police. The Thikana Police undoubtedly requires re-organisation, but I cannot find sufficient time to undertake the work, for which a rough scheme has been prepared. After re-organisation co-ordination with

the State Police and greater pressure on the Mina should improve matters; but the police will always work under an handicap in Shekhawati owing to the scattered jurisdictio of the two forces, the State and the Thikana police.

SIMPLE THEFT

Under this head the number of offences decreased from 233 to 179 and the value of the property stolen was Rs 5,367/4/3 as compared with Rs 13,975/12/- of the previous year. Recoveries were respectively Rs 719/1/- and Rs 1,996/14/-. The great majority of cases were of a petty nature.

OTHER OFFENCES

The number of offences under various heads committed during the year are given in Appendices referred to. None of them calls for any comment

CONVICTIONS

From Appendix IX will be seen the number of cases challaned in court and the result of the cases in the court. 152 cases were challan in the year and of these 62 with 66 persons were convicted which is a satisfactory result. The number of cases pendin in court at the end of the year was 37 with 50 persons.

PREVENTIVE ACTION

Two cases were run under the preventive action sectio of the Criminal Procedure Cod sections 109 and 110. One cas was under section 110 against a gang of Kanjars. Five of the 9 accused were convicted. The other case was under section 109 against a man who was subsequently handed over to the Raj Police at Singhana, where the case is still pending. A large number of absente Minas were arrested and dealt with, and so also the persons who stood surety for them.

MISCELLANEOUS

69 arrests were made under section 54 C.P.C. and the persons so arrested were duly dealt with. The Supdt. of Police is to be congra-

congratulated on the courage shown by him and his force in dealing with notorious criminals. Birdia Mina, absconding dacoit and member of the famous Bhur Singh gang was tracked down and shot by the Kotwal Suraj Bux Singh of Chirawa, a very good piece of work, indeed, for which suitable rewards have been sanctioned.

Thandia Naik, also an absconding dacoit, was arrested by the Superintendent of Police himself in Bikaner territory after a carefully planned raid which was carried out with resource and skill.

Dalwant Singh, who was wanted for dacoity and who escaped from the Jaipur Police last year, was also arrested by the Superintendent of Police.

PUNISHMENT & REWARDS

Details of punishment and rewards will be seen in the statement Appendix VIII

BUILDINGS

The new thana built last year at Babai was occupied and alterations and repairs were made to a Raj Building at Kankaria and handed over to the Police as a thana. A very great deal remains to be done in the matter of buildings.

CHAPTER V

Education

NUMBER OF SCHOOLS

The details of the number of schools and of their grades will be found in Appendix X. The number was increased by one, a new school being opened in Bhatiwar village. The school at Bhalot was closed down and another opened instead at Dhanoori.

STAFF

Babu Brijnandan Saksena returned from Benaras after taking his L.T. degree and took over charge of the High School from Mr. M.N.Raina in July. One Moulvi and 2 Hindi teachers were added to his staff to deal with additional sections which had to be made on account of increase of scholars. Mr. Ahmadali continued to hold charge of the department.

ATTENDANCE

Owing to cholera the A.V.School at Kotputli and some schools in the Singhana Tehs and Babai Tehsil had to clos down for a period during the year. The number of students on the roll increased from 1401 to 1513. The caste and the creed of the students were as follows :-

Schools	Year	Mahajans	Brahmins	Other Hindus	Mohammdans	Rajputs	Ahirs	Jats	Depressed classes	Total	Remarks
Thikana	1982	394	423	210	202	82	25	60	5	1401	
	1983	424	389	254	265	67	32	47	6	1484	
Private	1982	262	344	80	5	20	2	11	45	769	
	1983	120	165	14	.	8	.	14	2	323	

BUILDINGS

The school at Babai was enlarged at a cost of Rs 2,992/ Repairs were carried out to the High School and Baneti School buildings.

Furniture in the form of benches and desks was supplie at a cost of Rs 720/-. Science apparatus, maps, etc. were also supplied.

PRIVATE SCHOOLS

Appendix XI gives the list of schools owned privately. I am glad to note that the number was increased by 5. One village school was opened by the Rajputana Shikhsha Mandal, a Pathsala in Kotputli by a leading Seth, a Rajput School in the Bhomia village of Dantal, an Untouchables school in Kotputli and by Public Subscription a Girls School, also in Kotputli.

The interest in education taken by certain members of the public, mostly of the mahajan class, is very satisfactory and their efforts in this line are a very helpful supplement to the Educational Department of the Thikana.

The attendance in private schools increased from 769 to 820.

EXAMINATION RESULTS

Out of 4 candidates from the Khetri High School only one passed in the Matriculation examination. In the Middle school examination 12 students from Khetri and 3 from Kotputli appeared and 6 and 2 respectively passed. Two of the Khetri school boys stood third and ninth in the order of merit for the State and were awarded scholarships by the State Educational Department.

Two students from the Sanskrit Pathsala went up for the Madhayama examination and both passed. One of them went up for the full course and successful throughout.

The results of the Private schools were as follows :- Five students from Chirawa High School went up for the Matric and one was successful; 7 from the same school sat for the Middle school examination and 5 passed. From the Pathsala 20 went up for the Madhyama examination and 14 passed.

BOARDING HOUSE

The number of boarders in the Khetri Boarding House as compared with last year were as follows :-

	Sambat 1982	Sambat 1983
Petia Boarders	9	11
Temple do	11	13
Paying do	6	8
Total	26	38

There is a boarding house attached to the Chirawa High School and maintained by the proprietor Seth Mahadeo Maheswari.

GIRLS SCHOOLS

Female education is progressing very haltingly under the sceptical regard of a conservative public. It is true that the public of Kotputli rose to a public subscription and established a school which was duly opened by the Resident Mr. A.N.L.Cater, I.C.S. when on tour, but the school at Ajitgarh had to be closed down. The difficulty is getting women teachers. Untill this difficulty is

shown female education is likely to make very slow progress. The school at Khetri is under a ban, as both the Ajitgarh and Khetri women teachers resigned.

GAMES AND PRIZES

Cricket and football were played by the Khetri school boys and footballs were also supplied to a number of village schhools. Hockey is also attempted by the Chirawa High School, but it is not likely to succeed owing to lack of ground suitable for the game.

SCOUTING

Scouting is becoming more popular, and I was very please to note the great progress made by the Khetri troop under Mr. Jaswant Singh (Scout Master). Troops exist in Chirawa and Kotputli also. Some scouts were sent to the Scouts camp held at Jaipur during the year.

BUDGET ALLOTMENT

The total allotment under the budget was Rs 31,136/- for the year, showing an increase of Rs 1,152/-. This is not inclusive of buildings. The actual expenditure for the year was Rs 28,650/13/4.

CHAPTER VI

Hospitals

STAFF

This department was under the charge of Dr. Damodar Das Bhown up till December 1926 when he was transferred and replaced by Dr. Gurcharansingh. The State supervision and management continued under Doctor Dalgang Singh Khanka.

NUMBER OF HOSPITALS

The number of hospitals maintained by the Thikana and by the public were the same as in the previous year.

1. Ajit Hospital	Khetri
2. Victoria Jubilee Hospital	Kotputli
3. Itinerating Dispensary	Khetri Hd. Qrs
4. Dalmia Hospital	Chirawa
5. Nemani Hospital	Churi-Ajitgarh

ATTENDANCE

The attendance at the various hospitals is shown in Appendix XII. In all 47,447 patients (46,834 out and 613 in) attended as compared with 43,108 (42,081 out and 1,027 in) of the former year, thus showing an increase of 4339. There was a decrease of in patients in the Khetri Hospital probably due to the change in the Medical Officer, and so the number is likely to rise as soon as the present doctor becomes better known.

Operations

2708 surgical operations were performed of which 707 were major and 2001 minor as compared with 1089 major and 2711 minor in the former year. On reference to the doctor in charge of the Dalmia Hospital it was found out that the number of minor operations in that hospital in Sambat 1982 was 234 and not 934 as shown in the Annual Report. Thus the total number of minor operations during the year was the same as in Sambat 1982.

MEDICO-LEGAL WORK

The following amount of Medico-Legal Work was done during the year.

(1) Injury Reports

59	against	75	of the	previous	year from	Khetri Hosp.
43	,,	62	,,	,,	,,	Kotputli ,,
51	,,	40	,,	,,	,,	Chirawa ,,
1	,,	5	,,	,,	,,	Ajitgarh ,,
154	,,	182				

(2) Post Mortem Examination

6	against	17	of the	previous	year from	Khetri Hosp.
5	,,	6	,,	,,	,,	Kotputli ,,
2	,,	6	,,	,,	,,	Chirawa ,,
13	,,	29				

LUNATICS

Five lunatics were sent for treatment and examination by the Police. Three were treated in the Khetri Hospital and two were sent to the Lunatic Assylum, Jaipur.

The work of this dispensary under Dr. Achal Lal is not being satisfactorily performed owing primarily to the disinclination of the doctor to go on tour. It is true that he was detained in head quarters during the period of the Raja Saheb's illness, but he might have toured much more than he did. I hope Dr. Dilgang Singh will insist on his being more energetic or send a more active man here. As I do not think the dispensary has been given a fair trial, it should in my opinion, be continued.

ITINERATING DISPENSARY

There was no plague or small pox during the year. There were three stray cases of cholera at Chirawa and 4 at Kotputli. In Singhana and Bobai Tahsils it broke out in epidemic form and lasted for some months. There were 112 deaths altogether from this desease.

EPIDEMICS

Malaria did not appear in a virulent form this year owing to the rainfall not being continuous. The Anti-malaria campaign was continued. Dr, Gurcharan Singh delivered a lecture on Malaria with the help of Magic Lantern and quininised heavily in the earlier part of and during the malarial season instead of in the summer.

The total number of successful and unsuccessful vaccinations during the year were 3012 and 52 as compared with 3385 and 29 in the former year. The State vaccinators stationed at Khetri, Kotputli, Chirawa and Singhana (Panchpana) continued to work under the Medical Officer, Khetri.

VACCINATIONS

The budget allotment for the year was Rs 18,761/4/- as compared with Rs 17,984/12/- and the actual expenditure was Rs 17,246/2/-.

BUDGET

The rainfall measured at Khetri, Kotputli and Chirawa is given in Appendix XIV.. The average rainfall was

METEREOLOGICAL OBSERVATIONS

14.39 inches as against 20.28 in the former year. The mean temprature recorded at the Ajit Hospital Khetri was 83.9 F. against 85.69. The Maximum temprature in shade was 112 on the 25th May 1927. The minimum was 56 F. on the 27th February 27. The corresponding figures and dates in Sambat 1982 were 112 on the 14th June and 60 F. on the 4th January 1926.

VIATL STATISTICS

The vital statistics reported by the Police are given in Appendix XV.

CHAPTER VII

The Jail

The total number of prisoners at the beginning and the close of the year in Khetri and Kotputli jails are given in Appendix XVI. The total number of prisoners admitted into the jail was 164 and the number present at the end of the year was 53.

HEALTH

The general health of the prisoners was fair. There were some cases of dysentry ascribed by the Medical Officer to the defective method of baking bread. The defect was pointed out and removed. No deaths occurred in the jails. Quinine was given to the prisoners in the Anti-malaria compaign. There were few cases of malaria.

REMISSION

8 prisoners were released on the occasion of the late Raja Amar Singh Bahadur's birthday and 7 on Raja Sardar Singh's (then Rajkumar's) bithhday and 25 on his accession to the Gaddi.

WORKS

Durries, Newars etc. were manufactured in the Khetri jail at a cost of Rs 672/14/- for raw material and were valued at Rs 1,212/4/9, representing a profit of Rs 539/6/-. Actually articles costing Rs 541/3/- were sold for Rs 1,021/11/-, thus leaving a ma of actual profit of Rs 490/8/-.

The old press in the jail was re-started in November 1926 with a manager and compositer on ₨ 30/- and ₨ 10/- respectively under the supervision of the Foujdar. A grant of ₨ 500/- was made to purchase the type and other necessary accessories. An old printing machine was repaired and put in working order.

PRINTING PRESS

The amount realised for printing was ₨ 284/8/- and the expenditure amounted to ₨ 432/6/3 as follows :-

Staff's pay	₨ 404.2.3
Printing Ink	₨ 13.4.0
Contingent	₨ 15.0.0
	₨ 432.6.3

The printing press is a small one and cannot print all work of the Thikana.

The making of a consolidated register of previous convictions was taken in hand last year. The convicts upto 1910 were entered into it this year

PREVIOUS CONVICTION REGISTER

CHAPTER VIII

Postal Arrangements

Seven Post offices were maintained as during last year at Khetri, Singhana, Chirawa, Jhunjhunu, Ajitgarh, Babai and Kotputli. The Dak to Khetri is conveyed by motors and to Kotputli and Chirawa on camels and other places by runners.

THIKANA POST OFFICES

No new post office was opened. The following Post offices were at the close of the year.

IMPERIAL POST OFFICES

Post Offices Khetri, Chirawa, Jhunjhunu, Kotputli, and Ajitgarh.

Telegraph offices Khetri, Chirawa, Jhunjhunu, Kotputli and Ajitgarh.

The Thikana sawars and sepoys excort the Imperial mail.

oooooooooooo

CHAPTER IX

Revenue Department

STAFF

Munshi Shoo Ghulam was in charge of the department throughout the year except for short periods of leave when the Assistant Revenue Officer B. Piyare Lal officiated for him.

CASE WORK

Cases pertaining to revenue matters of all sorts instituted and disposed of by the revenue office and the Nizamat and the Tahsils during the year are shown below .

Kind of cases	Sambat 1983				Sambat 1982			
	Last year's balance	Instituted	Disposed of	Balance	Last year's balance	Instituted	Disposed of	Balance
Mutation contract Miscellaneous	2	2596	2584	14	-	2718	2720	2
Collectory	3	893	895	1	3	709	709	3
Arrears	9	816	818	7	22	1018	1031	9
Miscellaneous	16	2290	2299	7	14	2222	2220	16
Jaghir & Mafis	3	1317	1318	2	3	846	846	3
Nazool	6	996	991	11	9	674	677	6
Customs	2	1803	1803	2	-	1194	1192	2
Total	41	10711	10708	44	51	9381	9395	41

As compared with the year preceding there was an increase of 1330 cases in institution with the proportionate rise in the number of disposals, while the number left pending at the close of the year was greater by 3 cases only.

The cases dealt with by the various Perganas are shown in the table given below :-

No.	Perganas	Arrears	Instituted	Disposed	Bal.
1.	Kotputli	64	1042	1045	61
2.	Singhana	10	633	625	18
3.	Babai	86	457	529	14
4.	Chirawa	72	599	632	39
5.	Ajitgarh	43	518	557	4
	Total	275	3249	3388	136

LAND RECORDS

Much attention is being paid to land records and solid improvement is being made in this important subject. The appointment of an assistant to the Revenue Officer last year has proved helpful as the revenue work is undoubtedly heavy and much yet remains to be done.

PATWAR SCHOOL

This school has been doing useful work . There were 61 persons, including 28 Patwaris and 33 candidates, on the roll during the year. The result of the examinations were as follows.

		1st Examination March 1927	
Examinees		Passed	Failed
Patwaris	24	13	11
Candidates	14	4	10
	38	17	21
		2nd Examination August 1927	
Patwaris	4	1	3
Candidates	19	7	12
	23	8	15

The pass percentage was 50 % . Out of the total of 61 25 passed and 36 were unsuccessful. Out of the 28 Patwaris 14 were unsuccessful. The unsuccessful patwaris will be given another course and if again they fail they will be dispensed with as soon as we can replace them with passed candidates.

The proper training of Kanugoes must be seen to and those who are untrained will be put through the school.

AGRICULTURAL STATISTICS

Girdawari reports have been made for the whole Thikana and the attached statements are of interest as giving full details of crop statistics.

RAINFALL & CROPS

In 1926 the latter portion of the rains in September the beginning of the year under report, were scanty in

Statement showing the area under cultivation of Sambat 1983

Irrigated or un-irrigated crops	Mtured or Kharaba	Details of crops

Khetri, Kot and Babai and no rain feel at all in the other Tahsils. There was again rain in February in Khetri, Kotputli Babai, Singhana, and Chirawa.

The monsoon of 1927 was very late and did not really break till the latter portion of July. The rainfall was much below average in some parts, but was not as harmful as might have been owing to its falling at well-timed- intervals. Owing to the lateness of the rains agricultural operations were retarded. Statistics of the rainfall are given in Appendix XVII.

PRICES OF FOODSTUFFS

The prices of foodstuffs prevailing during the year are given in Appendix XVIII. The prices were on the whole slightly easier than in the previous year.

GRASS & FODDER

Owing to the late arrival of the rains a shortage of grass and fodder was felt, and cattle suffered a good deal. The local agriculturist is not an opportunist as regards fodder and does not ~~xxxxxxx~~ go in for fodder crops to the extent that he should. A cattle disease not properly diagnosed broke out in Kot and deaths occured amongst sho-buffaloes in particular.

Particulars regarding agricultural stocks are given in Appendix XIX.

CURRENT DEMAND & COLLECTIONS

The table below gives the figures for current demand and collection. The result is good. Of the Rs 442/13/9 outstanding at the end of the year Rs 127/4/3 has since been collected, Rs 44/4/6 remitted and Rs 271/5/- is under recovery.

No.	Tahsils	Demand	Collections	Balance
1.	Kotputli	1,93,712. 7.3	1,93,702.13.6	9. 9.9
2.	Singhana	2,37,845. 1.6	2,37,665.12.3	179. 5.3
3.	Babai	1,00,517. 2.3	1,00,286. 0.3	231. 2.0
4.	Chirawa	81,558. 4.3	81,558. 4.3	----
5.	Ajitgarh	76,538.14.6	76,538.14.6	----
6.	Khetri	10,842. 0.3	10,819. 3.6	22.12.9
	Total	7,01,013.14.0	7,00,571. 0.3	442.

A sum of Rs 851/6/6 was shown in Sambat 1981 as arrears. The whole of this has been recovered. Of the sum of Rs 2,306/-/9 shown as outstanding at the end of the last Sambat Rs 1,617/14/- has been recovered and of the balance of Rs 688/2/9 a small portion has been remitted and the remainder is mainly old mafi arrears.

DEMAND & COLLECTION UNDER OTHER HEADS

The following table gives the demand and collections under heads other than land Revenue.

Head	Demand	Collection	Balance
Taccavi	240. 4.6	240. 4.6	--
Nazool and Nalbandi	19,654. 8.3	19,339. 6.6	315. 1.9
Customs	69,784.14.6	69,784.14.6	--
Excise	19,487.14.0	19,354.14.0	133. 0.0
Ghairhazri	3,886. 6.6	2,223.12.9	1,662. 9.9
Nazar	4,967. 7.0	4,597. 9.0	389.14.0
Kcota	5,186. 1.0	5,186. 1.0	--
Irrigation	239. 6.6	239. 6.6	--
Wardens	3,996. 0.9	3,976. 0.9	20. 0.0
Mines	2,863. 0.3	2,630.14.3	232. 2.0
Miscellaneous	72,701. 4.0 4,569. 4.3	72,588.12.0 4,569. 4.3	112. 8.6
Total	2,07,276. 8.4	2,04,431. 4.4	2,845. 4.0

Out of the amount of Rs 2,845/4/- shown as outstanding the greater part has been recovered since the close of the year. The results are very satisfactory.

SALE OF PIRPCDARI

A special effort was made to rouse interest in the sale of arzi land, and permission was obtained from the Council to allow Banias to bid at the auction for a period of one year. The result was satisfactory to some extent, for where no income had been estimated for sale proceeds amounted to Rs 39,327/9/9. The remaining arzi land is being given out on contract to the cultivators upto the end of the settlement, subject to the condition of ejec

if any purchaser materialises. These cultivators are sure to take over the biswedari at the end of this period after they have improved the land. Particulars as regards the sale of biswedari rights in Kotputli during the year under report are given below :-

A. Area of arzi land at the beginning of the year		* 11075 Big.	11 Bis
Add area coming under arzi within the year		19 ,,	5 ,,
Total area for sale		11094 ,,	16 ,,
2. Assessed revenue	20,597.0.0		
3. Arzi rent	17,698.0.0		
4. Probable nazrana	1,02,985.0.0		
B. Sold during the year			
1. Area		3651 ,,	10 ,,
2. Assessed revenue	5,689.3.6		
3. Arzi rent	6,057.11.3		
4. Sale proceeds	39,327.9.9		
C. Leaving for sale			
1. Area		7443 ,,	6 ,,
2. Assessed revenue	14,907.12.6		
3. Arzi rent	11,640. 5.0		
4. Probable Nazrana	75,000. 0.0		

* The settlement operations in Kotputli pergana were not wholly completed when the last year's report was written. The difference of 145 Bighas and 7 Biswas is due to more mafi lands resumed and other lands made Khalsa on default of arrears

The following amount of taccavi was given during the year

TACCAVI

	New wells	Repairs to wells	Total
Kotputli	3,250.0.0	1,250.0.0	4,500.0.0
Singhana	---	90.0.0	90.0.0
For purchase of seeds and bullocks			
Babai	780.0.0		
Khetri	60.0.0		840.0.0
		Total	5,430.0.0

To encourage the unenterprising cultivators of Kot to make new wells and repair old ones specially attractive

terms were offered and were broadcast on printed leaflets.

WELLS AND BUNDHS

The encouragement of well sinking and repairing by the cultivators apart from the biswedars of the Kot pergana was continued and monetary assistance to the extent of Rs 11,209/15/3 was given during the year. Out of this sum Rs 4,200/- was granted for 13 new wells.

IRRIGATION

The income from Seri bund_h which is the only source of irrigation during the year was Rs 239/4/- against Rs 549/11/6 of the previous year. The details are as follows :-

		Chahi	
40 bighas	7 biswas	chahi @ -/8/- per pilao	Rs 20.6.3
60 ,,	7 ,,	@ -/12/- per water	Rs 45.5.3
			Rs 65.11.6
		Barani	
114 ,,	5 ,,	@ Rs 1/- first water	Rs 114.4.0
54 ,,		@ Rs 1/- second water	Rs 54.0.0
Extras			Rs 5.7.0
			Rs 239.6.6

NEW VILLAGES

Efforts to entice new cultivators were continued and met with success. One new village of the name of Kesripura was established in the Chirawa Tahsil. An area of 2790 bighas was handed over to 21 families of new settlers. Another new village was established in the Singhana Tahsil Khushalpur. In addition to these 2 villages 35 families settlers came to Kot pergana and 25 to the Sabai tahsil.

AGRICULTURE

The Agricultural Officer toured the Thikana and gave advice and some practical assistance to the cultivators. Some seeds, wheat, ground nuts and tobacco and sugarcane were distributed and tried on a small scale. Oats were sown in the bundh garden and gave a satisfactory out-turn. 20 Gurgaon plughs were

ploughs were distributed free of cost and part of the cost of a Persian wheel was defrayed for a biswedar in village Kharkari and one was put in at Lake House, Kotputli, where it is proposed having a small exhibition farm.

20 Lambardars from various villages were taken to the Sonepat fair and were apparently much impressed with what they saw and heard. This system of sending men out to see for themselves should induce some local enterprise.

GARDENS

Fruit and ornamental trees and shrubs were brought during the year from various Government farms. Oats were sown, as mentioned above, at the bundh. The income and expenditure figures are as follows:

	Sambat 1982	Sambat 1983
Total Income	1,751.7.9	3,590. 4.3
Total Expenditure	10,655.8.0	12,297.14.7

SURVEY & SETTLEMENT

The survey of Khetri Taluka, taken in hand last year was completed and records prepared, but the work of distribution of the revenue Khatewar remains to be done.

The town survey of Kotputli was not completed as it was found on checking the amins work that it was very faulty and so had to be redone. Enquiries taken up jointly by the Panchpana at Narhar were entrusted to the Assistant Revenue Officer who went into all the papers of the mafiders of the village. The case was still pending at the end of the year.

CHAPTER X

Customs

The customs tariff was enforced in all villages. Owing to this not having been done before in many cases objections were raised, but the objectors were soon made to understand that it was the inevitable. Fines had to be levied in many places. The total income for the year including fines was Rs 64,504.14.6 as compared with Rs 49,115.9.9 of the previous

year. Closer supervision is necessary and the staff requires to be improved and better paid.

CHAPTER XI

Excise

LIQUOR

Owing to the unpopularity of the Cawnpore liquor at Kotputli as evidenced by the drop in sales, it was given up at the end of the year. A new distillery was built near Khetri and preparations made for starting the system in the beginning of the Sambat 1984.

The total income from liquor for the year was Rs 15866.4.0 as compared with Rs 13,952.4.3.

DRUGS

In Sambat 1982 the retail shops were auctioned and the license fees amounted to Rs 1,516.8.0 and this plus duty and fines brought the total income to Rs 4,132.2.3, but in the current year the duty on opium and charas was increased and retail fees were charged, while the retail vendors were permitted greater latitude with regard to prices chargedble to customers. The result has been a drop in the income, which for the year amounted to Rs 3,609.6.6 a decrease of Rs 522.11.9.

The desirability of continuing the present system or reverting to the former is being considered. However, there is very little prospect of increasing the income in the present circumstances, for while consumption appears to be low there is so much facility for smuggling from the adjacent Thikanas where administrative arrangements are nil, that it is extremely difficult to cope with the situation. As the State charges full and heavy duty there is very little scope for the Thikana to levy its own duty, and when it does so it places its local sales in an adverse position as compared with the shops in the smaller Thikanas. I think it would be a generous move on the part of the State if it were to allow the Thikana a share in the duty at present levied by the State, say a proportion of 75 % to the State and 25 % to

to the Thikana. Such concession could be accompanied by the condition that the income derived from this source should be spent on certain lines. Education would be greatly benefited if this income were earmarked for this head, and I think it would not be out of place for the State to lend such aid to the Thikana, for in the matter of medical and educational facilities the Thikana is doing much for subjects other than its own. Its hospitals and schools in centres such as Khetri, Chirawa, Singhana, Bohana, etc., including, as this does, a number of Panchpana villages, serve thousands of persons who do not belong to the Thikana. Hitherto Khetri has not even considered making a request for compensation in this respect, nor does it do so now, but I advance the plea on behalf of the cause of education and of medicine.

A comparative statement is given below of the statistics of the fairs held this year and last year. The decline in sales and income is due partly to the late monsoon and also to cattle being attracted to other recently opened fairs.

CATTLE FAIRS

Place	Sambat 1982			Sambat 1983		
	Date	Number of cattle sold	Income	Date	Number of cattle sold	Income
Kotputli	3rd to 10th March 1926	2761	1,063.14.0	20th March 1927	2261	976.4.0
	12th to 24th June 1926	1514	720.11.0	1st to 14th June 1927	1111	624.15.0
Mehwara	27th July to 10th August	2511	1,772.8.6	5th to 22nd August 1927	1474	1082.12.6
Total		6786	3,557.1.6		4816	2683.15.9

CHAPTER XII

Registration

The total income from registration fees amounted to Rs 4,402.14.0 representing an increase of Rs 1,282.12.0 over the previous year's figures. The total number of documents registered was 394 of a value of Rs 69,724/-. For details see Appendix XX.

CHAPTER XIII

Stamps

The sale of stamps of all kinds yielded an income of Rs 21,536.1.6 compared with the previous year. This shows an increase of Rs 2,111.5.0.

CHAPTER XIV

Mines & Quarries

The receipts from stone quarries are set forth herewith.

Quarry	Royalty S.1983	Royalty S.1982
Bhainslana	246.8.9	468.8.0
Khetri	1,603.3.6	2,314.9.0
Others	1,013.4.0	741.0.0
Total	2,863.0.3	3,544.1.0

There was a decrease of Rs 681.0.9. Bhainslana is suffering from a new quarry having been opened nearer the railway station in Patiala territoty, and the Shahpura (Khetri) quarries appear to be suffering owing to the competition from Jhunjhunu.

CHAPTER XV

Municipalities

There are three municipal organisation, Khetri, Kotputli and Chirawa. Khetri has the smallest population of the three and very little trade and so the expenditure is entirely from Thikana funds but the other two committies are self-supporting to some extent. The following are the figures for their receipts and expenditure :-

Kotputli

RECEIPTS

Opening Balance	158.11.8		
Octroi duty	808.12.9		
Contract or monopoly fee for sale of biri etc.	400. 0.0		
Conservancy cess	350. 0.0		
Fines	18.13.0		
Miscellaneous	119.12.6		
Total	1697. 6.3		
EXPENDITURE			
Salaries of staff		1048. 4.0	
Lighting charges		376.14.9	
		1425. 2.9	
CLOSING BALANCE			430.15.2

Chirawa

RECEIPTS

Balance of the previous year	881. 5.3		
House cess	904. 8.6		
Grant in aid out of customs collections	714. 0.3		
Fines	6. 4.0		
Sale of refuse	10. 0.0		
Total	1634.12.9		
EXPENDITURE			
Establishment charges		1120.5,6	
Lighting expenses		454.8.3	
Miscellaneous		62.9.6	
		1637.7.3	
CLOSING BALANCE			878.10.9

Khetri

The budget allotment was Rs 5,067.0.0 out of which Rs 3,532.2.9 were spent.

CHAPTER XVI

Treasury Department

STAFF

Munshi Sheo Pratap continued in charge of this seega throughout the year. There were only minor alterations during the year both in the personnel and the budget.

OFFICE WORK

The office work was rendered heavier than usual by the nukta ceremonies of the late Raja Saheb, on account of which many clerks had to be put on special duty for some time. This interefered with the touring of the Treasury Officer also to some extent.

STAMPS

The opening balance of stamped paper was Rs 24,750.13.0 During the year 33292 stamps of the value of Rs 12,455.7.0 were made and 39747 of the value of Rs 20,893.11.0 were sold. In the previous year the sales were 38216 stamps of the value of Rs 19,166.7.0.

CHAPTER XVII

Finanace

ESTIMATED INCOME & EXPENDITURE

The estimated income of the current year was Rs 9,81,223/- as compared with Rs 10,93,525/- of the preceding year. It contained no extraordinary items as did the Sambat 1982 estimate, which had two items totalling rupees one lac on account of neota and biswedari nazrana.

The estimated expenditure for the current year was Rs 9,73,479/7/- as compared with Rs 10,25,011.0.0 of the previous year. This estimate allowed for a saving of only Rs 7,745.9.0 on account of heavy expenditure proposed under the P.W.D. building programme.

ACTUAL INCOME

The Actual income for the current year was Rs 10,40,946 /10 as compared with -----

Rs 9,96,112/14/10 of the previous year, which shows an increase of Rs 44,833.2.0. The improvement on the estimated amount to Rs 59,721-0-10. This was due mainly to income ~~xxxxxxxxx~~ accruing under the heads of neota (Rs 6,882.6.3) and biswedari nazrana (Rs 26,659.5.9) for which no estimate was made. Leavin out these items the income came to Rs 10,07,404.4.10. Increases were due to the following heads :-

Dastur Gari, Kot, Nazrana Latmi, Fees dakhil kharij, Gardens Customs, Nazar ordinary, Auction and miscellaneous.

Decrease in income was noticeable under nazul, irrigation forests, excise, fines and interest. This last item was responsible for the biggest drop, and that was due to the fact that as the G.P. notes for 10 lacs had to be renewed an instalment of Rs 20,000/- could not be drawn during the year, and trouble also arose in connection with the drawing of interest on certain shares owing to the late Raja Saheb's death. Thus a total of Rs 24,540.12.0 interest fell due which could not be drawn.

ACTUAL EXPENDITURE

The expenditure amounted to Rs 9,77,252/4/10, which as compared with the estimated expenditure of Rs 9,73,479.7.0, shows an increase of Rs 3,772.13.10

Of this total Rs 8,97,738.14.4 was under ordinary budget heads and Rs 79,513.6.6 was extraordinary expenditure. The balance of income over expenditure amounted to Rs 63,693.12.0 which is a very satisfactory result considering the heavy unforseen expenditure which had to be incurred. The following heads exceeded budget provision:-

Stables, Risala, Gardens, Prisoner's food, Sarfa intizami Lighting, Bhatta, Ijlas establishment, Well and taccavi.

The reasons for such excesses are detailed below :-

The excess under Stables, Risala and Gardens and Prisoners food is due entirely to the rise in price of the grain and food stuff, and therefore could not be obviated. The following comparisons will show the rise in prices referred to :-

Name of articles	Rate noted in Budget S. 1983	Rate at Kothiar and Bagar
Gram	0.12.8	0. 9. 2

Chara	1. 0.0	0.33. 6½

As regards Sarfa intizami the figure is dependant on the Revenue Department's calculations.

Lighting and Bhatta excesses were due to the late Raja Saheb's sojourn in Jaipur and owing to the special arrangements that had to be made on that account, and also in connection with the Nukta ceremonies.

The greater expenditure under Ijlas establishment was due to my going on leave and the expenses of a substitute.

As regards wells, the original amount sanctioned was supplemented by a further sum of Rs 3,000/- by sanction of the Council and eventually an excess of Rs 528.6.7 was incurred, which was due to carelessness in the Accounts Office. At the end of the year the bill of expenditure for repairs done to certain wells by the P.W.D. which had been lost sight of by the Accounts department, caused the excess.

Similarly under Taccavi a sum of Rs 304.11.6 was spent in excess of the alloted amount owing to careless supervision by the Accounts Office. There is no doubt that the system of accounts and supervision of running totals is not satisfactory and is always causing me anxiety. I will send the Treasury Officer and the Accountant into Jaipur later on to study the system adopted in the State and modify the local one accordingly.

Regarding the extraordinary expenditure of Rs 79,512.6.6, special sanction was obtained from the Council for an

expenditure of Rs 78,446.8.0 in connection with the Dwadasha ceremonies of the late Raja Saheb. Actually only Rs 58,469.13.5 was spent. The saving of Rs 19,976.10.7 effected was probably due to the closer supervision that was exercised. In addition to the Dwadasha ceremonies a sum of Rs 17,956.6.7 had to be spent in connection with the Raja Saheb's treatment, about which a separate report has already been made to the Council. Full details of the total expenditure will be found in Appendix XXI.

ALAWA BUDGET

The other items of debit and credit are given in Appendix XXII. The debit of Rs 9,75,754.1.5 and credit of Rs 9,70,260.13.9 under the head hawalgi shows that much of the outstanding hawalgi for previous years was squared.

Out of Rs 67,515.7.0 debited under the head of previous expenditure items amounting to Rs 62,107.1.11 were simply book transactions. Rs 58,635.9.5 was credited under the head "Moujudat", while Rs 3,448.8.0 under "Hawalgi" and Rs 23.0.6 under "Wasul Talab".

Items amounting to Rs 1,11,218.3.6 were written off. This included a sum of Rs 76,421.6.7 under Kothi. This was done on the previously approved system, mentioned in my former Annual Reports, of cancelling all sums over and above double the original capital of the loan. Rs 21,049.0.0 was written off under revenue arrears, and the balance under various heads The revenue arrears were almost entirely from Tahsil Chirawa which alone remained for settlement on the lines of the settlement made in the previous years in the other Tahsils of these very old standing arrears. The method observed was the same as previously reported.

CASH BALANCE

The cash balance at the beginning of the year was Rs 5,06,040.9.3 while at the close of the year it was Rs 4,03,525.5.6. Both these sums include the amount that was with the Imperial

Imperial Bank of India in its different accounts.

As fixed deposit for Rs 50,000/- was due just after the commencement of the year, the current account of the Imperial Bank of India was temporarily overdrawn by Rs Rs 45,129.14.8 at the close of the year. By deducting this amount the cash balance comes to Rs 3,58,395.6.10. Out of the balance of Rs 4,03,525.5.6, Rs 3,37,850.7.7 was in the Thikana treasuries at Head Quarters and Mufassils, Rs 60,846.6.8 in the Fixed deposit, Saving bank , Saving Bank Deposit accounts of the Imperial Bank of India at Jaipur, while £ 358. 7 s. equivalent to Rs 4,828.7.3 was in the Bank's London branch.

Government Loan for Rs 1,69,000/- was purchased and added to the Thikana investment during the year, and if the amount of Rs 1,49,404.1.2 spent for the purchase of these securities be added to the aforesaid balance of Rs 3,58,395.6.10 the closing balance comes to Rs 5,07,799.8.0.

The opening balance in the year was Rs 5,06,040.9.3 and the savings of the year amounted to Rs 63,693.12.4 making a total of Rs 5,69,734.5.7. The closing balance with the amount spent in the purchase of the Securities as noted above came to Rs 5,07,799.8.0 and a comparision of both the items shows a difference of Rs 61,934.13.0. Out of this amount Rs 5,408.5.1 were spent in settlement of outstanding accounts of the past years, Rs 34,266/- were debited under other heads such as Amanta, Moujudat etc. and credited as income under the head Miscellaneous while the balance was absorbed in the Hawalgi. As suggested in the previous year's report a separate provision has been kept in the next budget for past year's expenditure.

ASSETS

The total assets at the beginning of the year amounted to Rs 25,66,527.1.7, out of which Rs 14,40,000/- were in Government Securities Rs 1,58,319/- in Imperial Bank and Bombay Electric Supply & Tramway Co. Shares, Rs 4,82,167.8.4 in Kothi loans and Rs 5,06,040.9.3 as cash balance in Thikana treasuries and

Imperial Bank. At the end of the year Government Paper and shares went upto Rs 15,48,954.1.2 and Rs 1,72,640.0.0 respectively, while Kothi and cash balance went down to ------- Rs 3,93,836.10.5 and Rs 4,03,525.5.6 respectively. This the total assets amounted to Rs 25,18,956.1.2. As has already been noted, the current account of the bank had been overdrawn by Rs 45,129.14.8 at the end of the year. If this amount be deducted the assets come to Rs 24,73,826.2.5. In the previous years the Government Securities were shown in the assets at their face value but this xxxxx year their value has been calculated on the rates they were quoted at at the end of the year. Though fresh Government Securities of the value of Rs 1,69,000/- were added to the assets in the year the depreciation in the value of certain other securities and fall in Kothi loans and cash balance which was unaviodable stood in the way of any increase in the total of assets. There was a noticeable drop of Rs 88,330.13.11 in the Kothi loans which was mostly due to the settlement of long outstanding accounts.

CHAPTER XVIII

Accounts Department

STAFF

The department continued under the charge of Choudhary Onkar Singh. There were no alterations of any importance in connection with the staff beyond the addition of a reserve clerk and a Pakhla Nawis at the end of the year.

OFFICE WORK

Office work was extremely heavy during the year, and though I cannot say that the system in the Treasury and Accounts office is satisfactory, the amount of work put through by the staff is very creditable. Not only was the work greatly enhanced by the Dwadasha accounts, but a great deal of arrears were brought upto date. Many Pothas were made up and all arrears cleared off in this respect. Balance were struck in old khatas that

that had been outstanding for many years. Pothas should not be allowed to fall into arrears in future.

CHAPTER XIX

Public Works Department

STAFF

On the resignation of Pt. Shri Ram, Mr. K.D.Bheomera, qualified Sub-engineer train at Roorkee, was appointed in charge of the department on salary Rs 200/- p.m.

EXPENDITURE

The sanctioned expenditure for the Public Works Dept. was originally Rs 1,13,513/-, but subsequently a further sanction of Rs 9,000/- was obtained. The actual expenditure amounted to Rs 1,22,554.6. of which Rs 2,307.4.4 was spent through officers of other departments and the remainder by the P.W.D. Of this sum Rs 66,832.8.9 was spent departmentally and the remainder through contractors.

A building had to be erected during the year for the governess appointed for the-then Rajkumar Saheb, and it wa on this account that a further sanction had to be obtained as the whole of this extra cost could not be met from econ exercised in the previously sanctioned budget. This buildi has since been converted into a Guest House.

Reference to the attached list of works will show the works undertaken and completed during the year. The chief items of the work were :-

(1) The completion of the Nizampur road upto the Patiala State territory;

(2) Continuation of the construction of Kothi Judid;

(3) Construction of the building for distillery including necessary quarters for officers and choukidars;

(4) Construction of quarters for Superintendent, P.W.D., Nazim Kotputli and Tahsildar Singhana;

(5) Construction of an Indian Guest House (originally meant for the accommodation f the governess)

(6) Construction of Police station at Tahsil Bahai and Nakalat House Tamawati

List of works carried out by the Public Works Department in the Khetri Thikana for the year Sambat 1983

No.	Name of Work	Amount
1.	Nizampur Road	10,627. 1.11
2.	Sardar Road	3,249. 9.11
3.	Laonda Road	1,347.11. 4
4.	Permanent Gang	3,985. 4. 4
5.	New Palace	8,658.10. 9
6.	Construction of Distillery building etc.	15,655.10.10
7.	do of Supdt.P.W.D. quarters	4,991. 2. 6
8.	School at Babai	2,991.12.11
9.	Repairs to the Jail at Khetri	486.13. 6
10.	Bridge at Dewankhana	2,940. 1. 7
11.	Tahsildar's quarters at Singhana	4,982. 5. 6
12.	Vakalat house at Torawati	3,179. 0. 1
13.	Construction of Tahsil office and repairs to Tahsildars quarters at Chirawa	2,007.15.11
14.	Construction of bar room at Nizamat Kot	1,005. 5. 6
15.	Repairs to Tahsil Ajitgarh	2,046.11. 8
16.	Construction of quarters for Nazim Kot	5,375. 2. 9
17.	Construction of bunglow for Governess	18,354. 2. 3
18.	Erection of Babai Police Station	1,942.12. 1
19.	Repairs to Kothi Sukhmahal	2,438.10. 2
20.	Servants quarters at Kothi Sukhmahal	1,852.12. 0
21.	Repairs to bunglow at Kankaria	2,286. 4. 5
22.	Repairs to Kothi Jai Niwas	2,332. 1. 3
23.	Miscellaneous works and repairs	19,817. 3. 4
	Total	1,22,554. 6. 6

GAS ENGINE

The expenditure owing to the working of the gas plant amounted to R 1,062.6.2 as compared with Rs 858.3.0 in the previous year. This increase was due to the late Raja Saheb being in Khetri for a longer period than in Sambat 1982. It is hoped to shortly discontinue gas entirely by adding another engine to the Electric Power House.

FLOUR MILL

The expenditure connected with the Flour Mill amounted to R 1,775.13.9 as compared with Rs 1,606.3.6, while the income came to Rs 2,387.12.0 as against Rs 1,926.12.0. Thus profit on the years working was Rs 611.14.3 as compared with Rs 320.1.6 in the former year.

WORKSHOP

The budgetted expenditure for the year was R 1,356/- as compared with Rs 1,200/- of the previous year. This increase was due to the transfer of a carpenter from the Pultan Talingan to the workshop. The value of the works carried out amounted to Rs 9,614.7.10. The lack of skilled workmen is a handicap in the turning out of good work from these workshops.

CHAPTER XX

Forest

STAFF

The department remained in charge of Lala Kabul Singh, Forest Officer. The post of Head Forester remained vacant as no suitable person could be found on the pay.

EXPENDITURE

The expenditure amounted to Rs 5,517.12.5 while it was Rs 6,482.9.3 in the previous year. Out of this sum R 3,988/- was spent on the staff and the remainder, R 1,529.12.5, in plantation work.

The estimated income for the year was Rs 5,800/-, but it actually amounted to only Rs 4,511.5.9 and a sum of Rs 385.1.6 remained unspent.

INCOME

The income in the previous year was Rs 6,033.12.0. The decrease is mainly due to the fact that the Pancharai cess was cancelled by the order of the Council. A fall in the realisation of fines was also responsible.

CHAPTER XXI

Beggar

The following are the figures for the supply and issue of grass, karab, etc.

	Grass Karab etc.	Chara Pala etc.	Wood	Char-coal	Remarks
Stock in the beginning of Sambat 1983	895	1319	2728	9	
Additions during the year	15460	3345	7491	407	
Issues during the year	15887	4626	6494	379	
Stock at the end of the year	468	38	3725	37	

Owing to large demands due to the late Raja Saheb's illness and death, stocks became rather depleted towards the end of the year.

Last year the forest department supplied 4425 mds. of grass and 3396 mds. of fuel and in the present year 5078 mds of grass and 2236 mds. of fuel. The remaining stocks were purchased by the Kuntazim at market rates.

Owing to certain irregularities the Kuntazim Bishendayal was removed from the post and M. Zahiruddin, a jagirdar, was appointed in his place.

CHAPTER XXII

Kothi

The amount transferred from the treasury to the Kothi at

the beginning of the year was Rs 17,73,176.13.5. During the year Rs 19,638.8.4 more was transferred and Rs 35,625.13.6 was paid back. Hence the total amount indented upto the close of the year was Rs 17,92,815.5.9 and the amount paid back was Rs 18,48,370.5.7 showing a profit of Rs 55,554.15.10 against Rs 39,557.10.8 for the past year.

The amount due from the debtors at the beginning of the year was Rs 4,82,167.8.4 out of which Rs 4,10,441.0.1 concerned the Sadar Kothi and Rs 71,726.8.3 the Parganah Kothis. During the year fresh loans amounting to Rs 12,045/- only were advanced from the Sadar Kothi. The total amount that was due with accrued interest for the year amounted to Rs 4,97,335.14.1. out of which Rs 23,083.8.7 was realized and Rs 47,871.5.4 was written off in Sadar Kothi and Rs 3.312.5.0 was realized and Rs 29,232.0.9 written off in Parganah Kothis. Thus the total amount written off during the year was Rs 77,103.6.1 out of which Rs 47,076.2.9 was for loans advanced upto the Sambat year 1979 from Sadar Kothi, while Rs 28,860.8.3 was for kothi Babai which, as was shown in last years report, was the only Tahsil remaining to be dealt with. Therefore the amount that remained due from debtors at the close of the year was Rs 3,54,236.4.11 in the Sadar Kothi and Rs 39,600.5.6 in the Parganah Kothis. In the Sadar Kothi the amount of Rs 36,309.10 is due to various persons and carries interest; Rs 9,207.5.6 stands for erection of the Post Office building at Kotputli which brings a rent of Rs 20/- per mensem, while the big amount of Rs 3,08,719.5.5 containing the main items of Rs---- Rs 2,30,995.15.9 for Seth Duli Chand and of Rs 68,263.12.9 for persons closely connected with Thikana but residing outside Thikana, such as Thakur Chandersingh, Jeswant Singh, Cheo Singh of Alsisar and Thakur Babhbot Singh of Bharot etc., stands for old debts and does not carry interest. Similarly in Parganah Kothis only Rs 1,153.8.9 carries interest and the remaining amount Rs 38,446.12.9 carries no interest. It may also be observed that out of the amount of Rs 3,93,836.10.1 that remained due at the close of the year as shown in

Appendix XXIII, only Rs 34,139.9.0 was for loans given during the present administration that is after the year 1979, while Rs 3,59,697.1.5 was for loans advanced before that year.

It was found that there was very little prospect of realizing cash on account of Seth Duli Chand's debts, for this could only be done by sale of his land and houses at Chirawa and at present there is no market for such sale. I decided, therefore, to keep the matter pending a little longer.

CHAPTER XXIII

Kothiar

The transactions of the Kothiar are detailed in Appendix XXIV.

CHAPTER XXIV

Charity

Out of the budget provision of Rs 16,633.2.0 under this head Rs 15,257.13.6 was spent. A sum of Rs 5,837.713 was spent in dispensing extraordinary charity in connection with the late Raja Sahob's illness and death, as has been detailed elsewhere.

I instituted the "Sardar Charity Fund" during the year on the initial donation of Rs 10,000/- very generously given by Seths Kamraj Ram Bhagat, the object of the fund being to benefit female education and to increase medical facilities for women. The following subscriptions have since been received :-

1.	Seth Kamraj Rambhagat Dalmia of Chirawa	Rs 10,000/-
2.	Seth Shivnarain Surajmal Hemani Churi	Rs 11,000/-
3.	Seth Sri Ram Babu Ram of Chirawa	Rs 10,000/-
4.	Seth Peahlro Rai Ramji Das of Chirawa	Rs 500/-
5.	Seth Gulraj Dalmia of Chirawa	Rs 500/-
	Total	Rs 32,000/-

A constitution is being framed for the fund with as non-official a character as possible and it is hoped that in time the fund will be sufficiently great to carry out its objectives on an ample scale.

77467

The Anathalya income from subscriptions came to Rs 3,291.9.3 and the expenditure amounted to Rs 2,474.3.3.

CHAPTER XXV

Stables

Risaldar Lal Singh remained in charge of the stables and Shutarkhana etc throughout the year.

The number of horses at the beginning of the year was Rs 117 and mules 4. At the end of the year the numbers were 119 and 3 respectively, consequent upon a number of additons and reductions. This includes the Koi Stud.

The various minor departments Shutarkhana, Rathkhana etc., do not call for comment

SHUTARKHANA ETC.

The figures for all the animals are given in Appendix XXV.

CHAPTER XXVI

Farrshkhana & Kaparkosh

Dhabhai Dhanna Lal, appointed Kuntazim on 6th May 1926, remained in charge only upto 11th October, when he was transferred to the Silehkhana, and Babu Chand Singh was given charge of the Farrashkhana.

The expenditure during the year was Rs 10,212.7.8 and Rs 660.0.0 for the two departments respectively. As the Abu and Jaipur Houses are still unfurnished, it will be necessary next year to obtain a special grant for furniture.

CHAPTER XXVII

Motors

The budgetted expenditure was Rs 26,952/- while the actual amount spent came to Rs 16,425.2.6. The economy effect was partly due to the late Raja Saheb's absence from Khetri for part of the year, and partly to closer supervision.

CHAPTER XXVIII

Power House

The sum of Rs 4,636.15.2 out of the budget allotment of Rs 5,412.0.0 was spent during the year. A sum of Rs 1763.4.1

was spent as extraordinary expenditure in running a wire upto Bhopalgarh for the late Raja Saheb during ~~the~~ his illness for which sanction has been requested separately.

Another engine is required in the Power House as the load is now too heavy and there is much scope for the use of electric power for pumping water etc.

CHAPTER XXIX

Silehkhana

Dhanji Bhbhai was given charge of the Silehkhana as mentioned above. He was also given the Kaparkosh during the year after the death of the late Raja Saheb.

APPENDIX I

Showing number of criminal cases put up in the courts and dealt with during the year Sambat 1983.

Courts	Last year's arrears	New cases	Total	Disposed of in the last year	Disposed of in this year	Number of persons prosequested	Number of persons convicted	Number of persons sentenced: Imprisonment: Simple	Imprisonment: Rigorous	Imprisonment and fine: Simple	Imprisonment and fine: Rigorous	Fine	Whipping	Total	Number of persons acquitted or discharged	No. of persons died during or before trial or committed to Higher Courts	Term of Imprisonment: Under one month	From 1 to 2 months	From 2 to 3 months	From 3 to 6 months	From 6 to 12 months	From 1 to 2 years	From 2 to 3 years	From 3 to 5 years	Transportation	Capital sentence	Awaiting Trial	Remarks

REPORT

ON THE ADMINISTRATION OF THE KHETRI THIKANA FOR THE YEAR SAMBAT 1988 ENDING 31st AUGUST, 1932.

****

Part I.

The Ijlas.

I was in charge of the administration of the Thikana in my dual capacity of Superintendent Thikana and of guardian of the minor Raja Sardar Singhji Bahadur at the commencement of the of the Sambat i.e. 1st September, 1931. Babu Raghubar Dyal B.A., L.L.B., continued as my Assistant.

On 9th April, 1932 I left for England in company of the Raja Sahib on combined leave and duty. Babu Raghubar Dyal was left in charge of the administration as on previous occasions of my taking leave.

His Highness in Council sanctioned the proposal for sending the Raja Sahib to school in Switzerland and so necessary arrangements were made by me, and his name was entered as prospective student of Chillon College, Villeneuve, Switzerland and after the close of the Sambat he entered the college as a day boy. At the close of the Sambat I was actually in England on duty with the Raja Sahib.

Part II.

Chapter I.

Judicial Seegha.

STAFF.

Babu Sukhmohan Lal B.A., L.L.B., was in charge of the Judicial Seegha. During absence on privilege leave from 30th October, 1931 to 31st December, 1931, his work was performed by the Assistant Superintendent in addition to his own.

Pandit Mahabir Prasad B.A., L.L.B., continued as Faujdar Khetri, and Babu Pyarelal as Nazim, Kot Putli, while Munshi Fateh-ud-din, Babu Bankey Bihari Lal,

Babu Madan Lal Gupta, Tiwari Bhore Lal remained in charge of the tahsils of Singhana, Chirawa, Dayai and Ajitgarh respectively Munshi Abdul Aziz continued as Naib Nazim Kot Putli.

INSPECTION.

The Judicial Officer inspected the Nizamat and Niyabat courts and the Vakalats at Jaipur and Jhunjhnu and the Faujdar inspected the Tahsil courts.

VAKILS.

8 Vakils practised under local sanads at Khetri and Kot Putli and on occasions Vakils from Jaipur and outside the State appeared in various courts in cases.

Rs. 1,175-1-0 was paid in fees and expenses to counsel representating Khetri in various cases as compared with Rs. 1,062-2-3 in the previous year.

CRIMINAL JUSTICE.

Appendix I attached gives the number and details of the criminal cases dealt with by courts during the year. The number fell from 1,129 in the previous year to 847. There figures include complaints filed by private persons as well as Police challans.

A new statement has been provided this year, vide Appendix IA, in which details of the nature of the cases are given.

The percentage of disposal of cases in court was 97.5 as compared with 98.

The number of persons prosecuted decreased from 1659 to 1410. Of these 220 persons were convicted, of whom 116 were sentenced to pay fine only, 1030 were acquitted or discharged, 76 were transferred to State or other courts, 6 died or escaped during trial (but not while in Police or Jail custody), and 51 remained under trial, on bail, at the close of the year, their

their cases mostly having been instituted near the end of the year.

Percentage of persons convicted to prosecuted fell from 16.7 to 16.3. This very low figure is due to the non-success of privately instituted cases. Police figures are given separately under the Police head.

In 25 cases only were sentences given of under one month's imprisonment. 12 persons were dealt with under section 449 J.Cr.P.C. / 562 Cr.P.C. 32 cases were dealt with under section 195 J.Cr.P.C. / 203 Cr.P.C.

FINES. Fines amounting to Rs. 3,350-12-0 were inflicted by the courts during the year, and Rs. 1,679/- remained as unrealised balance from last year. Rs. 1,527/- was realised, while Rs. 200/- was remitted and instalments fixed for Rs. 1,437/-. Realisation was held up on the remainder of the amount due mostly on account of pending appeals or revisions.

DADRASI. 64 cases of Dadrasi (compensation claimed by complainants from Limmewar Minas) were taken up by the courts during the year as compared with ~~87~~ 89 in the previous year. Claims amounted to Rs. 9,369-13-7 and Rs.4,301-16-3 was actually decreed, all claims having been dealt with.

CASES TRANSFERRED. Appendix IB gives details of the 39 cases transferred during the year.

APPEALS & REVISIONS. Appendix II gives the number and results of the appeals and revisions made in criminal cases during the year including those in the Ijlas court. 165 applications were preferred as compared with 169 in the previous year. At the close of the year 5 remained pending, most of them having been lodged towards the end of the year.

CIVIL JUSTICE.

Appendix III gives details of the civil suits filed during the year. The number of institutions decreased from 931 to 914, and valuation of suits from Rs. 1,60,391-12-0 to Rs. 1,13,845-12-6. Percentage of disposal was 96 as against 96.4. Average duration of suits was 3 months as compared with 3 months 5½ days in the previous year.

EXECUTION OF DECREES.

Appendix IV gives details of the number of applications made for execution of decrees and their disposal. The number fell from 1,047 to 854, probably owing to the order which was passed protecting cultivators in respect of their cattle and biswedari lands on account of agricultural depression. Applications were made for sums amounting to Rs. 1,59,823-13-9 and claims for Rs. 2,03,121-9-3 were allowed (including pending claims of previous years). The amount realised was Rs. 19,294-4-9 as compared with Rs. 21,248-2-0 last year.

APPEALS & REVISIONS.

Appendix V gives the number and results of civil appeals and revisions lodged including those in the Ijlas court. The number rose from 226 to 292 ~~xxxxx~~ 4 cases remained pending at the close of the year. Average duration was 1.3 days as against 1.1 last year.

Chapter II.

The Khetri Contingent.

STAFF.

Thakur Ranoy Singh remained in command of the contingent forces throughout the year with Thakur Bhur Singh as second in command of the Faltan Tilangan, and Risaldar Mohammed Ali, Thakur Khaman Singh and Pandit Badri Prasad continued in charge

of the Risala, Topkhana and Paltan Majiban respectively.

STRENGTH.

The following table shows the strength of the contingent:-

Regulars.	Sambat 1987.				Sambat 1988.			
	Sanctd.		Actual		Sanctd.		Actual	
	Combatants.	Non-combatants.	Combatants.	Non-combatants.	Combatants.	Non-combatants.	Combatants.	Non-combatants.
1. Paltan Tilangan	186	6	186	6	186	6	186	6
2. Band	-	31	-	31	-	31	-	31
3. Sigs. Squad	9	-	9	-	9	-	9	2
4. Risala	65	6	65	6	65	6	65	6
5. Topkhana	25	3	25	3	25	3	25	3
Irregulars.								
1. Paltan Majiban	68	2	68	2	68	3	67	3
2. Risala Gharghori	21	-	21	-	15	-	15	-
3. Bera Naikan	15	1	15	1	15	1	15	1

The budget allotment was Rs. 84,867-14-3 and expenditure amounted to Rs. 75,911-7-6.

Chapter III.

The Police.

STAFF.

Mirza Shamshuddin Khan continued in charge of the Police department till 15th January, 1932, when he was appointed Diwan of Loharu State, his native place. He was relieved by Thakur Kishan Singh, Asstt. Superintendent of Police who remained in charge till Pandit Rameshwar Nath Chaudhri was appointed Superintendent of Police and took over charge on 29th February, 1932. The latter continued in charge of the department till the end of the year. Thakur Kishan Singh continued as Assistant Superintendent of Police. Details of the total force will be found in Appendix VI.

Pandit Jagannath Prasad was sent to the

to the Saugor Police Training School for training as Sub Inspector.

REORGANISATION.

The scheme for reorganisation of the Police which was put up by me in July, 1930 was sanctioned in June, 1931, and was put into force from the beginning of the Sambat.

Features of the new scheme are briefly tabulated below:-

(a) Reduction of 25 Thanas and 3 Out Posts to 4 Thanas and 6 Out Posts.

(b) Reduction of staff from 333 officers and men to 168.

(c) Increase in pay of Inspectors from Rs.25/- to 37/- to Rs. 75/- to 100/-.
Increase in the pay of Sub Inspectors' from Rs. 25/- to 45/- to Rs. 40/- to 60/-
Increase in pay of Hd. Constables from Rs. 10/- to 25/- to Rs. 15/- to 25/-.
Increase in pay of Constables from Rs. 7/- to 8/- to Rs. 10/- to 12/-.
Increase in pay of Sowars from Rs. 15/- to 18/- to Rs. 20/- to 30/-.

(d) Establishment of a regular Police Office

(e) Establishment of a Prosecuting Staff.

(f) Construction of Hd. Quarters Lines and Thanas with suitable accommodation for all staff.

(g) Supply of uniform and equipment.

(h) Relief from non-Police duties, such as service of summonses in civil cases, etc.

The above drastic reductions and changes were brought about inspite of the peculiar difficulties of the situation (the scattered nature of the Thikana), and at a reduced annual cost. The main object was greater efficiency with better trained and better paid staff.

Several matters in connection with the reorganisation remained pending at the close of the year:

(a) the supplying of arms to the Force,

(b) the granting of compensation in the form of pensions and gratuity to those whose services had been dispensed with;

(c) the appointment of Sadar Lambardars and village kotwals for the reporting of cri

crime and other Police duties along with the question of remuneration,

and (d) the provision of diet money for Police witnesses in courts.

The question regarding arms was put up to Council, and the other three questions were taken up by me, but not completely dealt with by the close of the year.

BUDGET.

The budget sanction was R. 57,672-6-0 as compared with R. 71,316-11-0 of the previous year (which contained a special item of R. 15,000/- for purchase of arms, equipment, etc.). Actual reduction in the budgetted expenditure owing to the new scheme amounted to R. 4,381-9-0. Actual expenditure amounted to R. 53,953-2-3 owing to the fact that part of the equipment was not purchased in the previous year.

BUILDINGS.

The Head Quarters Police Lines commenced last year were completed, R. 25,532-0-3 being spent on them last year and R. 10,166-14-3 this year - total cost R. 35,698-14-6.

In addition an Out Post building was constructed at Piradhnu at a cost of R. 7,012-1-6.

POLICE TRAINING SCHOOL.

Sub Inspector Abdul Majid continued in charge of the Training School and those Head Constables and Constables who had not been previously trained were put through a course of training in law, procedure and drill.

CRIME.

Appendix VII and VIII give the details of the cognizable crime registered and disposed of by the Police during the year. There was a further fall in the total crime reported from 593 to 380, a decrease of 213 ~~xxxxx~~ cases. As will be seen below, the decrease was due mainly to house breakings (42),

simple thefts (82) and cattle thefts (123), but actually heinous crime showed a serious increase, dacoity increasing from 1 to 8 cases and robbery from 9 to 21 cases.

This increase in heinous crime was due almost entirely to the activities of certain notorious absentee Minas of the Sheikhawati and Torawati jurisdiction of the State Police, and to certain Minas and Rajputs of the Patiala State.

There appears to be a connection between heinous crime relating to property and cattle theft. Owing to the fall in the value of cattle the Mina appears to have devoted his attention mainly to dacoity robbery and house-breaking (which last shows an increase in property stolen, though a decrease in number of cases).

The decrease in simple thefts requires to be watched as it may be due in part to the fact that owing to reduction in the number of thanas complainants have further to go to report and arrangements for reporting by village officials have not yet been completed.

RESULTS OF CASES.

Appendix VII and VIII show that out of a total of 429 cases dealt with in the year (380 newly registered and 49 old cases) 150 cases with 218 persons were challaned by the Police to the courts, out of which 95 cases with 126 persons were convicted and 1 case with 3 persons released under section 162 J.Cr.P.C / 169 Cr.P.C. and 38 cases with 58 persons were acquitted or discharged, while 16 cases with 28 persons remained pending in court.

The percentage of cases convicted to cases reported was 22.4 and that of cases convicted to cases challaned and decided by courts was 71 as compared with 11.8 and 62.6 respectively in the previous year, which indicates an improvement in the investigation and preparation of cases for prosecution.

PROPERTY STOLEN.

The amount of property stolen increased by R. 950-13-0 from R. 39,986-11-0 to R. 40,937-8-0, and details are given under the various sections below:

	1987	1988	Increase	Decrease
Dacoity	236- 0-0	1645- 8-0	1409- 8-0	-
Robbery	1280- 0-0	6015- 2-6	4735- 2-6	-
House-breaking	17517-11-0	21846- 1-6	4328- 6-6	-
Cattle-theft	18557- 0-0	6300- 1-0	---	12256-15-0
Simple theft	2396- 0-0	5180-11-0	2734-11-0	-
Total	39986-11-0	40937- 8-0	13207-12-0	12256-15-

PROPERTY RECOVERED.

The amount of property recovered was R. 16,064-2-6 as compared with 12,108-4-0 in the previous year, and recoveries were made as follows:-

	Sambat 1988	Sambat 1987.
By Police	2,636- 4-6	1,628- 9-0
By complainants	10,116-14-0	9,193- 0-0
By Zimmewar Minas	3,311- 0-0	1,286-11-0

Recovery by the Police shows an improvement. With the existing system of immewari plus daurasi it is difficult to make any comments beyond stating that the above heavy recoveries by the complainants and the Minas probably represent a substantial income to the Minas in the form of blackmail, or extortion which is locally known as "poonchi".

MURDER.

Only one case of murder was registered this year as against 6 last year. In this case a Police Camel Sowar was alleged to have struck a man in a quarrel causing his death. The case was challaned but was discharged by Sessions Court as the witnesses were won over. The accused was dismissed from the Force.

Out of the three cases pending with the Police from last year 2 were not traced, but one was arrested,

challaned and convicted.

DEATH BY NEGLIGENT ACT.

One case was registered. A man was knocked down by a lorry. The case was acquitted.

DACOITY.

8 cases were reported as compared with 1 in the previous year. One case was pending from last year. Out of these 9 cases one case was expunged, 2 remained untraced, 1 was sent up for Badrasi against the Minas of Mothuka (Patiala), 3 cases remained under investigation and 2 cases with 4 persons were challaned.

Three of these dacoities were committed in quick succession on one day by an armed gang of 6 absentee Minas of villages belonging to State Police jurisdiction. One case was challaned with 2 persons and later on convicted, but no evidence was obtained in the other cases and the suspects also could not be arrested.

In another case on the Patiala border 5 persons robbed a traveller. Surjiya Mina of the State Police jurisdiction was arrested and confessed to the crime, saying the stolen property was with a Rajput of Bahal (Patiala), but Surajiya was surrendered to the State Police and released on account of services rendered in an important case. Owing to lack of cooperation no recovery of property was possible from Bahal.

One petty case was expunged on being found to be false, while a case was about to be transferred to the Patiala Police as it was found to have been committed over their border.

In another case some ~~mm~~ men were attacked on the Torawati border while returning from a cattle fair, but the men carrying the money escaped.

There was only one case of house dacoity. It was on the Patiala border and committed by the notorious

notorious Minas of Kothuka (Patiala). Two of the accused were subsequently arrested and challaned.

Not a single person of Khetri jurisdiction was suspected in any of the above cases.

ROBBERY.

This head shows a remarkable increase from 9 to 21. 7 cases were pending from last year. Out of these 28 cases, 4 were expunged, 14 remained untraced, 1 remained under investigation, and 6 cases with 9 persons were convicted and one case with 5 persons was acquitted, while 2 cases with 8 persons remained pending in court.

All the cases were of the usual type committed by men mounted, usually on camels, and often armed. Two such cases occurred on the Torawati border at intervals on the same spot, a pass over some hills. In one of these property worth Rs. 4,846-5-6 was stolen. Surajiya, Mina, mentioned above, was arrested in this case, but could not be proceeded against as he had been pardoned in another case by the Inspector General of Police. The second case was ably worked out by C.I. Harshanker and the 3 accuseds, all Rajputs of Sikar and Jilo (Torawati) were arrested and property recovered. The Police are to be commended fortheir good work in tracing and arresting the other five cases which were convicted in court.

HOUSE-BREAKING.

Only 79 cases were reported during the year as against 125 last year, though the value of property stolen increased from Rs. 17,517-11-0 to Rs. 21,846-1-6. Out of this substantial recoveries were made amounting to Rs. 6,961-1-9 as against only Rs.557/- last year. 8 cases with 11 accuseds were challaned out of which 3 cases with 6 persons were convicted, 4 cases acquitted and one case remained pending in Court.

There were 4 big cases with stolen property of over Rs. 1,000/-. In two of these outside Minas (Kothuka and other Patiala villages) were suspected and in both cases the complainants recovered most of the property through their zimmewar Minas (after payment of poonchi, probably). In one case of Rs. 2,499-12-0 an absentee Mina of State Police jurisdiction was arrested and the case was challaned. In the 4th case, property Rs. 4,475/-, Surajiya Mina, mentioned above, was suspected along with other Minas of the State, but apart from Surajiya the other Minas, absentees, could not be arrested.

It will be noted that during the year the Thikana suffered severely at the hands of the absentee Minas of the State ~~Rakhi~~ and of Patiala in dacoity, robbery and house-breaking cases.

CATTLE THEFT.

This head showed a drop in cases from 193 to 70, which, I think, was mainly due to the fall in the value of the cattle, on which account Minas devoted their attention to heinous crime and house-breaking.

12 cases with 17 persons were challaned, out of which 6 cases with 9 persons were convicted, 5 cases with 6 persons acquitted and, 1 case with 2 persons remained pending in court.

Value of property stolen decreased from Rs. 18,557/- to Rs. 6,300/1/-. Rs. 4,641-7-0 was recovered as compared with Rs. 10,330/- last year.

SIMPLE THEFT.

Under this head, too, there was a fall in cases from 143 to 61, though the property stolen increased from Rs. 2,396/- Rs. 5,130/-. Recoveries amounted to Rs. 3,180-5-9 as compared with Rs. 242-9-0 last year, but most of the recovery was by the com-

complainants or Minas, a very unsatisfactory feature.

21 cases with 36 persons were challaned out of which 16 cases with 27 accuseds were convicted and 5 cases with 9 persons acquitted.

There were 8 cases as compared with 11 last year.

RECEIVING STOLEN PROPERTY.

6 cases were challaned with 8 accuseds and 5 cases with 6 persons were convicted and one with 2 persons remained pending in court.

CHEATING.

4 cases were reported and one was pending from last year. 3 cases with 3 persons were challaned and convicted. Two cases were of interest. In one the accused, resident of the State, had a history of several cases of impersonation of a Police officer. The facts of his case were published in the Jaipur Gazette. In another case, one Mahatma Faqir Chand of Punjab was found to have a long history with previous convictions. He had been operating for years in many States. Both these cases were convicted.

MISC. CASES.

A number of miscellaneous cases were registered under various sections and dealt with which do not call for special comment.

PREVENTIVE ACTION.

Seven persons were challaned under section 107 J.Cr.P.C./109 Cr.P.C. and convicted.

CRIMINAL TRIBES.

Registration and surveillance of criminal tribes, Minas and Mauriaas, were maintained. Appendix IX shows the number of persons who have been registered and are under surveillance or absent without leave.

FINGER PRINT BUREAU.

The work of this bureau was carried on during the year, but the staff is very meagre. A number of slips were sent to the Mt. Abu Bureau.

MOTOR VEHICLES.

Ten new cars and lorries were registered during the year, the total number on the register being 33. R. 302/- was realised as registration fees and R. 44/8 as driver's license fees as compared with R. 855/- and R. 37/8/- respectively in the former year.

VITAL STATISTICS.

In Appendix X figures are given for the population, and births and deaths statistics are noted. 19.9 births and 9.1 deaths per mille respectively were reported during the year.

REWARDS & PUNISHMENTS.

Details of rewards and punishments are given in Appendix VI. Asstt. Supdt. of Police Thakur Kishan Singh was given a khillat in the form of a choga in recognition of his excellent services to the Thikana. Two Sub Inspectors, 1 Head Constable and three constables received various awards, two of them from the Inspector General of Police, Jaipur and one from Superintendent of Police Lyalpur. One villager was given money reward. The Thikana Superintendent of Police was again remiss in not recommending rewards more liberally.

A number of punishments were meted out which do not call for special comment.

COOPERATION.

Efforts were made to bring about better cooperation between the Thikana and the Patiala Police, but I regret to say they were not very successful and the state of affairs on the Patiala border was not satisfactory, inspite of the efforts of the Inspector General of Police, Mr. F.C. Young, C.I.E., I.P., who held a meeting at Khetri in April 1932 which was attended by the I.G.P. Patiala and Superintendent of Police Karnaul.

A meeting of local police officers was held at Jhunjhnu in May, 1932. I regret to say that the

that cooperation with the State Police of Sheikhawati and Torawati was not effective, as can be seen from the number of offences committed by Minas from those areas under dacoity, robbery and house-breaking

Chapter IV. (Education Department)

STAFF.

The Department was in charge of Munshi Ahmed Ali Khan Khan, B.A., who was assisted by Lala Basanti Lal, Inspector of Schools. Inspections were made of all the schools in the Thikana whether private or maintained by the Thikana.

THIKANA SCHOOLS.

Appendix XI gives the number and grade of the schools maintained by the Thikana. The number remained the same as in previous year, viz 27. Three village schools had to be closed and reopened elsewhere owing to lack of scholars on account of the apathy of cultivating classes. The Girls School, Khetri, and schools at Papruna, Nankariya and Lehara were raised to Vernacular Upper Primary Standard and the Vernacular Schools at Bamanwas and Bakhtawarpura were made Anglo-Vernacular, for Indian Army pensioners in these localities asked for this to be done as a knowledge of Roman script is helpful in the Army.

SCHOOL STAFF.

Babu Brij Nandan Saxena B.A., L.T. continued as Head Master of the Jai Singh High School at Khetri and was assisted by three grade 'ees as before, but there was some change in the personnel. An extra teacher was added to the staff of 10 schools.

The scheme for the training of the lower teaching staff which was put up by me last year was not put into effect as it was ordered that no action should be taken until the State Education Department should devise some scheme.

Appendix XII gives the number and grade of the schools maintained by private persons and public bodies. The number decreased from 43 to 40. 6 village schools were closed and 3 new ones started. It is hoped to have reopened 3 that were closed down.

PRIVATE SCHOOLS.

The public of the Thikana is well served in the matter of educational assistance from public spirited gentlemen such a Rai Bahadur Shiv Prasad Surajmal, who maintains 29 village schools, Seth Mahadeo Lahari, who maintains the Chirawa High School with hostel and Ram Pathshala (a school for depressed classes), the Palmia Seths and Seth Shiv Narayan Nemani, who maintain girls schools and Sanskrit Pathshalas at Chirawa and Ajitgarh respectively.

The Islamia School at Khetri, the Girls School at Ajitgarh, the A.V. Upper Primary School at Salampur, the Anglo-Sanskrit at Mansli, the Carroll Girls School at Kotputli continued to receive grants-in-aid of Rs. 300/-, 100/-, 120/-, 240/- and 600/- per annum and Rs. 4/- per mensem was sanctioned as house rent for the Narinarayan Chatshala at Chirawa from December, 1931.

GRANT-IN-AID

The number of students in the Thikana schools rose by 189 from 1,792 to 1,981 while it decreased by 53 from 1,852 to 1,799 in private schools as is shown by the statement below:-

ATTENDANCE.

		Mahajans	Brahmans	Rajputs	Ahirs	Jats	Depressed Classes	Other Hindus	Mohammedan	Total
Thikana	(1987	414	465	113	55	69	24	381	271	1792
	(1988	440	486	112	61	104	21	411	346	1981
Private	(1987	500	590	70	42	153	57	300	140	1852
	(1988	497	562	75	50	147	54	255	159	1799

It is satisfactory to note that the number of Ahirs, Jats and Mohammedans has increased this year. The rise in the number of Mohammedan students is due to the addition of a Mohammedan School-Mistress at Khetri to teach Urdu and the opening of a new school at Bhaloji. Ahirs increased at Panthroli, Simla and Kalakhri (a new school) and Jats at Kankariya Bhatimar, Bakhtawarpura and Fatusar.

GIRLS SCHOOLS.

The number of Girls Schools remained the same namely three. A trained Hd. Mistress, a Christian, was appointed to the Khetri school. Great difficulty was met with in trying to find trained Hindu Mistresses. Owing to lack of trained Hindu and Hindi knowing mistresses progress is being delayed. Local candidates for training, also, are not forth coming.

EXAMINATION RESULTS.

Results in the various examinations are tabulated below:

School	Matric.	Middle.	Primary.
Jai Singh High School, Khetri	10/10	13/14	4/17
A.V. Middle School, Kotputli		7/17	11/20
A.V. Upper Primary, Singhana			4/5
do do do , Dabai			1/3
do do do , Jasrapur			1/3
do do do , Churi			3/4
High School, Chirawa	10/22	11/19	
Aided School, Malarpur.			

The results of the Jai Singh High School at Khetri in obtaining 100% passes in the matriculation examination is very creditable and the Head Master Babu Brijnandan Saxena B.A., L.T., , and his staff are to be congratulated.

The Middle School at Kot did not do well in examinations this year and steps were taken to bring about an improvement.

Rewards (Rs. 60/- and 5 certificates) were given to some teachers in private schools for good work.

Results of the various Sanskrit examinations are tabulated below:

	Shastree	Madhyama (entire)	Madhyama IV	Madhyama III	Madhyama II	Madhyama I	Sahitya	Upadhyaya	Prathma
Pathshala, Khetri	-	-	-	-	1/2	1/2	-	-	0/4
Shiv Prasad's Pathshala, Chirawa	1/1	-	-	1/1	2/2	1/1 Ø	-	-	1/5
Jalmia's Pathshala, Chirawa	-	1/2	1/1	-	-	0/4	1/3	1/2	0/2
Sheikhsariya's Pathshala, Chirawa	-	-	-	-	-	-	-	-	5/5
Serani Pathshala Churi.	-	-	-	-	2/2	1/2	1/1	-	4/6
Anglo-Sanskrit Pathshala, Mandli.	-	-	-	1/2	0/2	0/1	-	-	1/5
Total	1/1	1/	1/1	2/3	5/8	3/10	2/4	/	11/17

The Khetri Pathshala again did not do well. The Head Pandit is being given a further chance to improve matters.

BOARDING HOUSES & SCHOLARSHIPS.

The following statement shows the number of Boarding Houses or hostels with the number of students, some of whom are supported by scholarships or "petiar" and other pay for their

their maintenance. In the privately owned hostels all are maintained free.

	St. 1987	St. 1988.
Thikana Boarding House Khetri	11 (Fetia) 13 (temple) 22 (paying)	14 10 18
Boarding House, Kotputli	2 (Fetia) 6 (Paying)	4 18
High School Hostel, Chirawa	52	32
Seth Shiv Prasad's Sanskrit Boarding House, Chirawa	25	29
Dalmia Boarding House, Chirawa	15	12
Sheikhcariya Boarding House Chirawa	12	15
Nemani Boarding House, Churi	15	15
Total	175	167

Rs. 4,486-3-6 was spent during the year in scholarships granted by the Thikana to 88 boys, and Rs. 657-12-6, obtained from the interest of Temple balances invested for this purpose, was also spent in supporting or assisting 18 boys.

GAMES & PHYSICAL TRAINING.

Games are encouraged and football and volley ball are played in many schools. Two private schools, the Chirawa High School and the Kansli Pathshala, show commendable keenness.

Physical training at the Sai Singh High School was given by Mr. Hari Prakash, who was trained in Denmark, and his classes showed progress.

Rai Sahib Kawal Kishore of Kotputli presented a challenge cup for a football tournament to be known as "Carroll Football Tournament" in which the schools of the Thikana may compete. The tournament was held at Kot and teams from Khetri, Chirawa, Kansli and Kot competed and the trophy was won by the Chirawa High School and was presented by the Raja Sahib. The Rai Sahib deserves credit for his initiative in instituting such a tournament and for his generosity in presenting

presenting a handsome cup.

SCOUTING.

Scouting has been keenly adopted in several schools throughout the Thikana, and it is intended to spread the movement to every Thikana school. A new scoutmaster was appointed at the Khetri High School, but owing to unsatisfactory work he was subsequently removed.

Scouts and cubs number 232 and 20 respectively and they are spread over 9 schools at present. Mr. Nannu Lal Scout Master at Kot was awarded one months' pay for showing proficiency in his work.

Tests were held and a four days camp during the Xmas holidays. Camp fires and hikes were included in the programme. There is a provision ~~xxxxxx~~ of Rs. 350/- in the budget for Scouting and I hope to have it increased.

MEDICAL EXAMINATION.

Regular Medical Examination of scholars was instituted at Khetri and Kot and the Medical Officer at Khetri and the Sub Asstt. Surgeon at Kot did useful work in this connection. At Khetri Mr. Hari Prakash's services were also utilised. Registers and forms were printed for the regular maintenance of records of each boy.

FURNITURE & APPARATUS.

The new school at Kot was provided with furniture costing Rs. 1,400/- and furniture to the ~~cost~~ value of Rs. 582-8-0 was supplied to other schools.

Science apparatus worth Rs. 406-12-3 and history and geography maps and text books costing Rs. 252-15-0 were supplied to various schools.

BUILDINGS.

The Anglo-Vernacular School building commenced last year at Kot was completed this year at a total cost of Rs. 39,188-1-6 and the opening ceremony was performed by the Raja Sahib Bahadur on 2nd February, 1932.

Repairs were carried out at places at a cost of Rs. 216-9-9.

A provision of Rs. 9,000/- was made for improvements and additions to the Boarding House at Khetri, but owing to some objections having been raised by the State Education Department regarding the plans, delay occurred and the money lapsed.

Accommodation in many village schools is very inadequate, but finances do not permit of an extensive building programme.

PRIZES.

Prizes are awarded in the usual manner in the schools. The Rajaji Bahadur gave away prizes in the Jai Singh High School and at Kot, and Shrimati Raji Sahiba in the Girls School at Khetri. Seth Sita Ram donated prizes for the Girls School at Kot which were given away by Mrs. Carroll.

His Highness the Maharaja Sahib Bahadur graciously visited the Chirawa High School on his Sheikhawati tour.

BUDGET.

The total budget allotment, was Rs. 47,866-11-6 as against Rs. 44,622-5-6 in the previous year, and expenditure amounted to Rs. 46,564-11-6 as compared with Rs. 39,336-5-11.

Chapter V.

Hospitals.

STAFF.

The department continued in the charge of Doctor Gurcharan Singh, M.L.B.S. under the supervision of Rai

Rai Bahadur Daljang Singh, Khanka M.B.B.S., Chief Medical Officer, Jaipur and later under Major J.P. Huban, I.M.S. when the latter was appointed Director of Medical Services Jaipur State.

HOSPITALS & DISPENSARIES.

There were nine hospitals and dispensaries as last year:

Thikana.	Situation	Medical Officer
Ajit Hospital	Khetri	Dr. Gurcharan Singh
Victoria Jubilee	Kot Putli	S.A.S. Mohan Lal
Village Dispensary	Singhana	Head Master
do do	Mahai	do do
do do	Simla	do do
do do	Banoti	do do
do do	Jasrapur	do do
Private.		
Dalmia Hospital	Chirawa	Asstt. Sur. M.V. Pattani
Nemani Hospital	Churi	" " Charlal

Doctor Ghayur Mohammed, S.A.S. Ajit Hospital, Khetri worked for the medical officer Khetri during his absence on privilege leave from 3.6.32 to 19.7.32

The Nemani Hospital continued to run as before without receiving financial assistance from the proprietors. Successors of Seth Ram Pratabji Nemani were addressed by the Ijlas in this connection but without any result.

Negotiations were opened before I left on leave with Seths Basantlal Ranglal Sheikhsariyas of Chirawa regarding the founding of a Female Hospital at Chirawabut were left for completion in the next year.

ATTENDANCE.

The attendance of patients during the year is given in Appendix XIII. The total attendance was 78,341 including 77,466 out-patients and 875 in-patients, with a dialy average of 617.54.

The corresponding figures in the last year were 66,908, 66,180, 728 and 554.95 respectively. There is a marked increase in the number of out-patients at Khetri and Kot and in the village dispensary at Simla and also an appreciable increase at Singhana and Jaerapur dispensaries and in the number of in-patients in Khetri and Ajitgarh hospitals.

OPERATIONS.

The number of major operations performed increased from 373 to 413 and minor operations from 3651 to 3897.

MEDICO-LEGAL WORK.

The amount of the Medico-legal work done was as follows:-

Hospitals.	Post Mortem Exam. St. '87	St. '86	Injury & other reports St. '87	St. '88
Khetri	5	6	108plus 16	87plus 38
Kotputli	2	7	55 plus 4	72 plus 22
Chirawa	4	1	75	82
Ajitgarh	2	-	14	5
Total	13	14	272	306

VILLAGE MEDICAL RELIEF SCHEME.

This scheme appears to have been a success and is much appreciated by the public at the 5 centres where it has been brought into force. 15,987 patients were attended to, and 351 minor operations performed. The Medical Officer Doctor Gurcharan Singh did good work in supervising the work of those dispensaries.

I hope to extend the system to other centres gradually.

EPIDEMICS.

No epidemics, fortunately, were reported during the year.

VACCINATION.

There were three vaccinators in Khetri, Chirawa and Kotputli circles, and one in Singhana Panchpana circle as before. The number

number of successful and unsuccessful vaccinations were 3,865 and 122 against 3,520 and 166 in the previous year. The expenditure incurred on vaccination amounted to R. 871-14-3 as compared with R. 824-0-3.

METEOROLOGICAL OBSERVATIONS.

The figures for temperature recorded at Khetri Hospital were as follows:-

	Sambat 1987	Sambat 1988
Mean temperature	85.6	86.16
Maximum do	112° on 8,9 and 10th June,31.	115 on 24,25th May, '32.
Minimum do	40 on 5.2.31	46 on 16.2.32
Amplitude of fluctuations	72	69

The total rainfall measured at Khetri, Kot Putli and Chirawa was 21.28", 20.46" and 18.90" respectively during the year and the average for the Shikana 20.21". The corresponding figures in the last year were 21.79, 17.83, 12.16 and 17.26 inches. Monthly statement of the rainfall is given in Appendix XIV.

BUILDINGS.

Provision was made for the construction of an Infectious Case ward and it was completed after the close of the year at a cost of R. 6,335-8-0 and satisfies a much felt want.

FUNDS.

The budget allotment for the year was R. 24,233-1-4 and the expenditure amounted to R. 20,438-7-0 against R. 23,551-14-8 and 19,829-7-9 in the preceeding year.

SARDAR CHARITY FUND.

The opening balance of the Fund was R. 72,741-1-6 and R. 576/- were received in donations during the year. Interest from investments produced R. 2,916-4-0. Expenditure amounted to R. 3,807-13-3. The difference

difference was made good by a grant from the Thikana funds. The Infant Welfare work being carried on by the fund has not appealed to the imagination of the public and subscriptions are not coming in.

MATERNITY & INFANT WELFARE.

This work is carried on through the Sardar Charity Fund, which maintains a lady doctor, Dr. Alvi, and two welfare centres with nurses at Khetri and Chirawa. These centres are undoubtedly doing good work but they are attended practically only by the lowerm and poorer classes. Visiting in their homes does help to bring medical influence to bear on the women of better class families too, but progress is slow, for conservatism has been against the holding of regular meetings of women for lectures, work parties, etc.

The maternity work carried out by Dr. Alvi and her nurses at Khetri and Chirawa has been a boon to the women of these places and many difficult cases were successfully dealt with which would in former days have meant much misery and probably ended fatally.

The training of dais has not been progressing owing to the opposition offered by these women. A better and more comprehensive scheme for training them will have to be thought out.

A Baby Show was held at Chirawa in March 1932 at which many of the models and exhibits of the Jaipur show were used. Miss Russell, Dr. Gurcharan Singh and Dr. Alvi worked hard to make it the success that it was and were assisted by Mrs. Carroll. The Raja Sahib opened the Show. The Chirawa Boy Scouts rendered valuable assistance.

Chapter VI.

Jails.

Appendix XV gives the number of prisoners

prisoners in the Khetri jail and Kot Putli sub-jail at the close of the year. 112 prisoners were admitted in the Khetri jail as compared with 153 in the preceding year.

The health of the prisoners was good. No epidemic or death occurred in the jails. Quininisation was carried out in the Khetri jail.

8 convicts were granted special remission and were released on the auspicious occasion of the Rajaji Bahadur's birthday.

Durries, niwar, etc are manufactured in the Khetri jail and the work carried out is detailed below:-

	Cost of material	Sale value.
Articles remaining at the end of Sambat 1987.	312- 1-3	518-13-9
Articles prepared during Sambat 1988.	283- 6-6	595- 7-9
Total	595- 7-9	1,114- 5-6
Articles sold during 1988	408- 2-6	814- 2-3
Articles remaining at the end of Sambat 1988.	187- 5-3	300- 3-3

Chapter VII.

Printing Press.

Pandit Badri Dutt was in charge of the Printing Press. Work was done to the value of R. 2,196-8-0 as compared with 2,172-2-0 in the previous year, and expenditure was R. 1,048-8-0, which does not include the labour supplied free by the jail.

A room was constructed at a cost of R. 1609-9-9 which has improved working conditions.

Chapter VIII.

Postal Arrangements.

Seven Post Offices were maintained by the Thikana at Khetri, Singhana, Chirawa, Jhunjhunu, Fatehpur, Nawai and Kotputli. Mail between Khetri and

and Lavai and Khetri and Kotputli was conveyed by motor lorries and on other routes by runners and camel sowars as usual.

There were six combined Imperial Ports and Telegraph offices at Khetri, Chirawa, Kotputli, Ajitgarh, Jhunjhnu and Nagar and Post Offices at Singhana and Jasrapur. A new Post Office was opened at Islampur during the year. Imperial mail is escorted by the Thikana sowars and sepoys in Thikana limits.

Chapter IX.

Reorganization & General Record Room.

REORGANIZATION.

Mr. Chamchul Haq continued in charge of this work. He inspected many offices and saw to the proper maintenance of the new registers and forms adopted recently, and also his recommendations were adopted in respect of 19 new registers and improved forms, which were ordered to be printed.

Weeding out of the confused old records was carried on and although much work was done much yet remains to be done.

GENERAL RECORD OFFICE.

Munshi Ebure Khan continued as Mohtamim Muhafizkhana and work was satisfactorily carried on.

The new Record Office building commenced last year was completed at a total cost of Rs. 14,249-12-3 out of which Rs. 5,642-5-9 was debited to the year under report. Record were shifted to this building.

****

Part III.

Chapter I.

Revenue Seegha.

STAFF.

Babu Cheoghulam remained in charge of the Seegha, but was absent on privilege for 2 months and 17 days from 30th May to 15th August, 1932, when his Assistant, Munshi Mazud Ahmed Minai, officiated for him in addition to carrying on his own duties.

The remaining staff of officers of the Nizamat and Tahsils has already been mentioned in the Judicial Seegha report. There were no changes of note in the staff.

ABOLITION OF KHETRI TALUQA.

During the year the Taluqa of Khetri consisting of 10 villages with a revenue demand of Rs. 12,000/- per annum under the charge of a Taluqdar was ~~xxxxxxxxx~~ absorbed in the Bavai Tahsil, and thus owing to the reduction of some posts an annual recurring saving of Rs. 608-8-0 was effected.

CASE WORK.

Case work done at Head Quarters during the year is given in the following table:-

Kind of cases.	Last year's balance.	Sambat 1988. Instituted.	Disposed of.	Balance.	Sambat 1987. Instituted.	Disposed of.	Bal.
Mutation) Contract) Misc.)	26	2,022	2,046	2	2,505	2,500	26
Collectory	9	894	898	5	626	619	9
Arrears	2	468	468	2	604	607	2
Misc.	4	2,990	2,986	8	1,731	1,728	4
Jagir, Nafin) & Court of Wards.)	5	1,897	1,896	6	1,870	1,865	5
Mazool	13	2,221	2,210	24	2,097	2,098	13
Customs	1	1,336	1,335	2	1,421	1,420	1
Total	60	11,878	11,889	49	10,854	10,837	60

It will be noticed that institutions increased by 1,024. Disposals were very satisfactory. Cases dealt with at the Pisamat and Tahsils are given herewith:-

No.	Parganas	Arrears	Instituted	Disposed of	Balance.
1.	Kot Putli	114	4,519	4,535	98
2.	Singhana	6	981	981	6
3.	Bawai	2	475	474	3
4.	Chirawa	5	1,030	1,034	1
5.	Ajitgarh	9	343	320	32
Total Sambat '88		136	7,348	7,344	140
Total Sambat '87		360	6,349	6,573	136

Here, too, an increase of 999 cases is to be found. The increase occurred mainly in Kot and was partly on account of new Court of Wards charges.

LAND RECORDS & SETTLEMENT.

The survey of village Tilawali had not been possible hitherto owing to the 40 years old dispute with the Panchpana village of Kharkara, but owing to the final settlement of the case by Council, this work was undertaken during the year, and the assessment was raised from thoka jama of R. 502/- to R. 588/-. Some 6,000/- bighas of land, mostly hills, were added to Khetri village and the survey of this portion remained to be done.

Inquiries into the muafis of Khetri Taluqa were continued, but were not all completed by the end of the year.

The work of tarmim commenced in Sambat 1987 in the 4 villages of Singhana Tahril, which had been transferred to Chirawa was completed. Three copies of maps and village records were made. There was an increase of R. 204-0-0 in the revenue demand which was accepted.

A new village named Shri Sardarpura was

was established in a chak of 4,353 bighas cut out from Jasrapur village and the khatunibandi in the old and new villages was completed. Many of the settlers were cultivators from outside. Owing to this new village being established, the shortage of Rs. 2,672/- in the assessed income of the old Jasrapur village was made good.

Map correction and terrain work was completed in 12 villages in Singhana Tahsil, 3 copies of maps and records being made. 6 of these villages are now villages established out of the other 6 a few years previously.

Udamandi village in Tahsil Singhana was re-classified and khatunis formed, resulting in an increase of Rs. 77/- on the former income, and after a fresh survey maps and records were prepared.

Details of rainfall are given in Appendix XVI

RAINFALL. The year's average was 18.97 inches as compared with 15.53 in the previous year. The monsoon broke late in 1931 and so sowings were retarded but there was good rain in September resulting in increased gram cultivation. The rain, however, ceased suddenly and winter rains failed, and so the promise of a very good rabi harvest was not fulfilled.

CROPS. Crops, as noted above, were affected by the untimely nature of the rainfall, but on the whole the produce was fair.

In Statement A attached will be found details of cultivated and uncultivated area. The total shows an increase of 8,037 bighas due to to the inclusion of the Khetri pana land of Jhunjhunu, which was settled in Sambat 1987.

Statement B/1 gives details of the cropped

Area Statement for Cambat 1988.

A

Total . Sambat 1987		11092	25471	28305	1090	3023	707	6476	867	39	77965	77965

cropped area under kharif cultivation and shows an increase of 11,143 bighas which is partly due to the addition noted and partly to expansion of cultivation. Kharaba was reported as practically nil.

Irrigated are ashows a decrease of 7,837 bighas of which 6,567 bighas were in Singhana and the rest in Kot. This decrease is said to be due to the fact that in these two tracts ample rains fell in September, (whereas there was very little in the previous year) and so the necessity for irrigation was not felt. It is more due, I think to the fact that owing to the fall in prices the cost of irrigation is avoided as much as possible and barani cultivation is preferred.

Statement B/2 deals with area under rabi cultivation. There was a large increase of 28,483 bighas under barani, all of which practically was due to gram cultivation owing to favourable rains in Sept. There was a decrease of 4,379 bighas under irrigation out of which 3,410 were in Singhana. Fall in the level of water is given as the reason, but I attach more importance to the reason given by me above.

PRICES.

Prices of food grains are given in Appendix XVII. There was an improvement in wheat, but bajra, moong and moth prices fell as compared with the previous year, and so no relief was afforded to the cultivators on the whole.

GRASS & FODDER.

Grass and fodder supplies were up to the average. Rates were lower than in the last year.

CATTLE.

Details of animals, ploughs and carts are given in Appendix XVIII. The only difference of note are as

increases in goats and in non-plough cattle. The latter is probably due to the falling off of demand noticeable in cattle fairs.

Rinderpest broke out in the Kot pargana and was treated by the Veterinary Doctor. Reporting of cattle diseases by village Lambardars is, I am afraid very poor and cattle mortality is usually viewed with fatalistic calm.

CURRENT DEMAND & COLLECTION OF LAND REVENUE.

Revenue demand amounted to Rs. 7,25,422/8/9, which was an increase of Rs. 3,561/- over the demand of the preceding year. This increase is made up of Rs. 5,248/- increase and Rs. 1,687/- decrease due to revision of assessments, khatunibandi, resumption of mafis, fluctuations in river bed cultivation and arzi thekas, etc.

Details of demand and collection are given in the attached statement. A sum of Rs. 22,582-12-6 was unrealised at the close of the year, which represents 3.11% of the total demand.

Considering the difficulties existing owing to general agricultural depression, the work of the collecting staff was very creditable.

LAND REVENUE ARREARS.

Arrears have been divided into two categories, "A" those relating to the period from Sambat 1981 to Sambat 1988 and "B", those relating to the period from Sambat 1959 to Sambat 1980.

The total demand under "A" amounted to Rs. 36,969-5-0 at the commencement of the year and out of this a sum of Rs. 8,224-10-6 was collected, leaving Rs. 28,744-10-6 outstanding.

The total demand under "B" stood at Rs. 41,377-15-6 at the beginning of the year and only Rs. 1,531-9-0 was collected, leaving Rs. 39,846-6-6

Demand and collection of Land Revenue for Sambat 1988.

Pargana	Demand	Collection	Arrears	Since collected	Balance remaining uncollected.
Kot Putli	1,97,864-11-0	1,88,746- 2-9	9,118- 8-3	3,448-10-3	5,669-14-0
Singhana	2,34,262- 4-6	2,28,939- 1-6	5,323- 3-0	256- 3-3	5,066-15-9
Dabai *	1,15,080-15-3	1,07,248- 7-0	7,832- 8-3	234- 0-0	7,598- 8-3
Shirawa	95,370- 7-3	95,100-15-6	275- 7-9	146-15-3	128- 8-6
Ajitgarh	82,838- 2-9	82,805- 1-6	33- 1-3	24-15-3	8- 2-0
Total	7,25,422- 8-9	7,02,839-12-3½	22,582-12-6	4,110-12-0	18,472- 0-6

* includes Khetri Taluqa.

½ includes R. 953-3-6 refunded after collection and not included in the receipts shown in Appendix II.

outstanding.

DEMAND & COLLECTIONS UNDER OTHER HEADS.

The following statement gives details of demand and collections under heads other than land revenue.

Head	Demand	Collected	Balance	Since collected.
Mazul Malbandi & House rent	22163- 5-0	21782- 9-0	380-12-0	95- 8-6
Customs	74629- 0-0	74629- 0-0	---	----
Excise	14312- 1-5	14183- 9-11	128- 7-6	100/-
Ghair-hazri Jagirdars	4479-15-0	2797- 2-0	1682-13-0	415- 8-0
Bazar	5738-12-6	5620-15-5	117-13-3	28- 0-0
Gardens and irrigation.	2384-10-3	1835- 5-6	549- 4-9	476- 0-0
Mines & Quarries	3445-14-0	2633-12-3	812- 1-9	367-13-0
Meota	108-10-3	108-10-3	---	---
Miscellaneous	35180-12-5	34569- 6-8	611- 5-9	142- 8-3
Grand Total	162443- 0-10	158160- 6-10	4282-10-0	1625- 5-9

The total demand was Rs. 1,62,443-0-10 and the amount collected came to Rs. 1,58,160-6-10 leaving Rs. 4,282-10 outstanding at the end of the year, which arrears amount to 2.61% of the total demand.

Collection work was, on the whole, quite satisfactory and the arrears remaining are being seen to.

OLD ARREARS UNDER OTHER HEADS.

The total outstanding at the opening of the year was Rs. 15,136-13-9 and out of this Rs. 3,062-9-6 was realised, leaving Rs. 12,074-4-3 still due. Further efforts will be made to wipe off these arrears.

SALE OF BISWADARI.

There was very little demand for purchase of biswadari land owing to the lowness of agricultural prices. Only 76 bighas 7 biswas land was

was sold during the year, bringing in nazrana of Rs. 455/- on an assessed revenue of Rs. 66/- per annum.

The following sums were spent under grants-in-aid for the construction of new wells and repair of old wells:

WELLS & BUNDHS.

	New	Repairs	Total
1. Kotputli	-	211- 0-0	211- 0-0
2. Tahai	-	255- 0-0	255- 0-0
3. Singhana	250- 0-0	---	250-0- 0
4. Chirawa	600- 0-0	18- 0-0	618- 0-0
5. Ajitgarh	400- 0-0	---	400- 0-0
6. Khetri	200- 0-0	---	200- 0-0
Total	1,450- 0-0	494- 0-0	1,944- 0-0

In addition the following expenditure was incurred in repairs on various bundhs

1. Bandh Kori (Kotputli)	2,206-15-6
2. Bandh Pipli (Khetri)	141-10-0
3. Hanwant Tank (Dawai)	201- 5-0
4. Ajit Sagar (Khetri)	57-12-0
Miscellaneous	201- 5-9
Total	2,869- 0-3

A further sum of Rs. 3,800/- was given out as taccavi on interest, the details of which are as follows:-

	New wells	Repairs	Total
1. Kotputli	1,450-0-0	700-0-0	2,150-0-0
2. Tahai	250-0-0	-	250-0-0
3. Singhana	500-0-0	900-0-0	1,400-0-0
Total	2,200-0-0	1,600-0-0	3,800-0-0

Progress in the construction of new wells and in the repairing of old is tabulated below:-

Parganas	Work in progress at the commencement of the year.		Sanctioned during the year.		Completed		Remaining	
	Repairs	New	Repairs	New	Repairs	New	Repairs	New
1. Kotputli	5	14	-	-	-	7	5	7
2. Singhana	3	27	-	-	-	11	3	16
3. Lavai	-	6	-	3	-	2	-	7
4. Chirawa	4	3	-	-	4	2	-	1
5. Ajitgarh	3	3	-	-	3	2	-	2
6. Khetri	-	1	-	-	-	-	-	1
Total	15	53	-	3	7	22	8	34

During the year 22 new ~~air~~ wells were completed and 7 old ones repaired, while 34 new wells remained under construction. The fruits of this policy of encouraging well construction and repair will be enjoyed later on by the Thikana in an increased chahi revenue and in greater security from famine.

TUBE WELLS.

The two tube wells under construction ~~for the~~ ~~Thikana~~ on contract for the Thikana by Mr. T. di Mariati in the Kot pargana proved failures owing to various difficulties which were encountered but a third well, which was originally commenced for a zamindar, was taken over by the Thikana and it was completed during the year. An engine house was constructed and a 22 h.p. crude oil engine with air compressor was fitted. [illegible] the well was found to be giving between 1[illegible] and 21,[illegible] gallons of water per hour. It [illegible] whether with the capital outlay [illegible] well is a successful agricultural [illegible] Rs. 21,523-2-6 was paid out [illegible] on [illegible] connected with [illegible]

other two wells.

An area of 265 bighas was irrigated from Gundh Peri which yielded an income of Rs. 292-9-9.

GUNDH IRRIGATION.

Gundh Ajit Sagar irrigated the fruit gardens which was rented to a contractor for Rs. 1,200/- for the year.

As already noted above a new village named Shri Sardarpura was established and 47 families settled in it, 34 from a congested Khetri village and 13 from outside.

NEW SETTLERS.

In addition, 55 families of cultivators from foreign territory were settled in various villages throughout the Thikana, 22 of them in Sankariya, a good village which hitherto had not been doing well owing to lack of cultivators.

Mr. Khale B.Sc.(Ag.) continued in charge of this department which includes Gardens. As it was found that one officer with only one demonstrator could not cope with the whole Thikana, his activities were more or less confined to the Kot pargana, centred round the Lake Demonstration Farm at Kotputli.

AGRICULTURAL DEPARTMENT.

Various crops were grown at the Farm, particularly attention being paid to wheat, sugar cane, cotton, potatoes and ground nuts. In the case of some of these crops seeds were given out to a number of selected zamindars.

Punjab No. 8 wheat produced very good results and it is hoped that this seed will be adopted soon by all the cultivators of this pargana, who have began to appreciate the difference in the results of this seed as compared with desi seed.

Sugar cane was successfully grown at the

the farm and also by one cultivator, and with profit but it has not yet been found which variety is likely to best suit local conditions.

Malisoni cotton was found to give a much better return than the desi cotton and demonstration will be continued with it.

Potatoes present a difficulty with regard to seed which is likely to prevent this vegetable from being adopted locally, for, although trial methods were adopted, seeds were found to have suffered about 70% loss during storage.

Ground nuts also are not likely to succeed in these parts owing to the great prevalence of white ants.

Progress was made, but it was not as methodical or determined as I should have liked. At the end of the year a more extensive demonstration farm was being prepared at Mirapur, the site of the new tube well.

A sum of Rs. 4,931-12-3 was provided in the budget out of which Rs. 3,057-5-0 was spent.

Income from Gardens increased from Rs. 1,067-12-3 to Rs. 1,497-13-6 xxxxxx and expenditure xxxxxxxx increased from Rs. 11,604-4-6 to Rs. 13,713-6-9, but this increase was mainly due on account of non-recurring expenditure incurred by the fitting of an oil engine and the making of a shed.

GARDENS.

Chapter II.

Court of Wards.

As usual by temples were managed under Court of Wards. Their total estimated income amounted to Rs. 12,622-14-0 and total estimated expenditure to Rs. 8,937-5-0 . Saving to the extent of Rs. 44,089-9-3 are under invest out and the increase

obtained by way of interest is employed in maintaining 18 boys at school.

The jagir of Thakur Hari Singh continued under management throughout the year, which afforded some relief to his harrased tenantry.

NIPANIU.

A remission of two annas in the rupee was sanctioned by the Council as the crops in this part of the Thikana had almost entirely failed owing to lack of later rains and there is practically no rabi harvest.

My suggestion for survey and settlement of the villages under management was not approved of, although all the cultivators were extremely anxious that these operations should be carried out.

When sowing time came round in July, 1932, the cultivators refused, almost en bloc, to cultivate theirland. Babu Raghubar Dyal in my absence had great difficulty in persuading them to do so and that was done only after the Revenue Member had promised to consider the question of rents favourably when the time for appraisement of crops came round. The complaint of these cultivators, namely that they have to pay 100% higher rent than is charged in surrounding khalsa villages, certainly does call for sympathetic treatment.

<u>Receipts & Expenditure</u>. The estimated receipts amounted to Rs. 22,071-5-9 but owing to the partial failure of the rains and non-cultivation of some areas, only Rs. 17,009-9-9 was collected. Rs. 1,878-1-8 was written off as the remission already referred to and Rs. 3,223-10-9 remained outstanding as arrears at the end of the year out of which Rs. 273-8-0 was reported as irrecoverable.

I am satisfied that the cultivators paid up to the full extent of their means.

Estimated expenditure amounted to Rs.10,240-2-0 a staff consisting of Kamdarin, clerks, etc, was maintained.

A sum of Rs. 5,500/- was sent out of the savings to the State in payment of arrears due from the Khata holding of the jagirdar in the State.

DANTAL.

A number of the istamrar Rajput jagirdars of Dantal were taken under Court of Wards management last year at their own request. Estimated receipts and expenditure were Rs. 4,505/- and Rs. 3,683/-. The actual income amounted to Rs. 4,446-3-3, the decrease being due to part of the payments being in kind, and actual expenditure to Rs. 3,341-10-3. The savings of this and the former year are being collected until all the outstanding claims against the wards are looked into and settled.

DHADHA.

During the year a few of istamrar Rajput jagirdars of Dhadha, a village near Dantal, were also taken under management at their own request, but the estate was very small, the estimated income being only Rs. 172/- per annum. No special staff was engaged. Outstanding claims amounted to Rs. 3,329/- and are being looked into.

Chapter III.

Customs & Excise.

STAFF.

The combined Customs and Excise departments were in the charge of Rain Triloki Nath Bargat as before. Two temporary sub-Inspectors were appointed from March in order to cope with the increased smuggling and arrears

arrears work.

CUSTOMS.

The nett receipts under this head amounted to R. 74,629-0-0 for the year, including income from Cattle Fairs, the increase over the previous year being as much as R. 12,593-5-0. Part of this increase, R. 6,576/-, was on account of the new buffaloe tax which was sanctioned during the year for the Thikana, with the exception of Kotputli, in lieu of the existing ghi tax. The new tax met with a considerable amount of opposition towards the end of the year, although before it was brought in the approval of all Lambardars had been taken by the Customs department in writing. In my absence on leave the question was extremely badly handled and subsequently this tax was rescinded by order of Council.

EXCISE.

Details of income under the various sub heads are as follows:-

Head	Sambat '88	Sambat '87	Decrease or increase.
Duty on liquor issued from distillery.	7,127- 6-0	7,787- 1-9	-659-11-9
License fee for retail sale.	2,276- 0-0	2,306- 0-0	-30- 0-0
Contract money	805-11-3	1,936-10-3	-1130-15-0
Fines	201- 0-0	228- 5-9	-27- 5-9
Miscellaneous	610-11-0	75- 8-10	+535- 2-2
	11,020-12-3	12,333-10-7	-1312-14-4

There was a total decrease of R. 1,312-14-4.

Actual income from country liquor was R. 11,020-12-3, but after deducting sums for recoupment of former capital outlay for vats, etc, R. 1,303-15-6, and for establishment charges, R. 633-10-9 and Miscellaneous, R. 216-15-6, the nett income yielded only

only Rs. 9,159-2-6.

The fall in income was due partly to less consumption of distillery liquor and also to the fact that the Jhunjhnu Panchpana income was not credited during the year, and the Panchpana contract for Banai, amounting to Rs. 450/-, had to be abandoned owing to lack of cooperation.

The gross income from the various drugs sold was as follows:-

DRUGS.

Head	Samvat '88	Samvat '87	Increase or decrease.
1. Duty.			
(a) Opium	1,862-15-0	1,582-14-0	279-15-0
(b) Charas	1,727- 5-0	1,235- 7-0	491-12-0
(c) Other drugs	305- 2-3	104- 2-9	201- 8-6
2. Profit by retail sale.	611- 9-6	466- 2-3	145- 7-3
3. Fines	---	66- 0-0	-66- 0-0
4. Contract Panchpana.	361-12-6	516- 6-6	-154-10-0
5. Miscellaneous.	265-15-2	80- 5-3	185- 9-6
Total	5,134- 7-5	4,056-15-2	1,077-10-3

Out of the gross income of Rs. 5,134-7-5, which represents an increase of Rs. 1,077-10-3 on the previous year, Rs. 110/- had to be deducted for godown expenses, and nett receipts amounted to Rs. 5,024-7-5.

The total receipts for Customs and Excise departments amounted to Rs. 83,812-9-11 and the actual expenditure to Rs. 15,739-12-6, which represents a management cost percentage of 17.7, which is too high and steps are being taken to reduce this figure.

Chapter IV.

Registration.

Details of income realised from registration

registration fees are given in Appendix XIX. The total income was R. 5,564-8-0 as compared with R. 4,557-10-0 in the last year. This increase was du almost entirely to the Chirawa Tahsil.

Chapter V.

Stamps.

Income from Court fees and non-judicial stamp paper amounted to R. 22,443-5-0 as compared with R. 26,256-9-9 in the last year. This fall in income of R. 3,813-4-9 is to be attributed to the general depression with its consequent decrease in litigatio

Chapter VI.

Mines and Quarries.

Receipts from quarries amounted to R. 2,633-12-3 as compared with R. 2,901-9-0 in the proceeding year. Owing to depression in the mining world it was not thought fit to attempt any negotiations for the reopening of the old Khetri copper mines.

Chapter VII.

Municipalities.

Municipal Committees exist at Khetri, Chirawa and Kot Pulti and a village Sanitaion Committee at xi Sinla.

KHETRI. Almost the entire income of this committee is dependant on the Khikana. A sum of R. 298-6-6 was obtained from various sources, such as tax on cigarettes, sale of manure, etc. The budget allotm was 3,928/- and R. 3,555- 6-9 was spent. Members, who are nominated in this as well as the other committees, put in better attendance during the year.

CHIRAWA. Total income was R. 1,587-8-0, consisting of a grant of R. 5[illegible]-4-0 from local [illegible] income and R. 9[illegible]-4-0 xxxx

~~was~~ derived from other sources, mainly a local house tax.

The actual expenditure amounted to Rs. 1,651-0-9 and the excess was met from savings.

KOT. The total income for the year was Rs. 1,462-2- out of which Rs. 842-11-0 was obtained from a surcharge on customs duty (a local octroi) and Rs. 394-3-0 from the sale of cigarette and biri monopoly, and Rs. 125/- from sale of manure.

Total expenditure amounted to Rs. 1,057-3-9 out of which Rs. 488-1-6 was a special sanction for purchase of new lanterns and it was met from the previous year's savings.

The Kot Municipality is self supporting.

Simla. The income of this village Sanitation Committee amounted to Rs. 335/- derived from house tax and sale of manure, and the expenditure came to Rs. 264/-. I intend to establish similar Sanitation Committees in other big villages in due course.

Part IV.

Chapter I.

Treasury Deogha.

STAFF.

Munshi Dhao Pratap continued to hold charge of the Treasury Deogha. He was absent on privilege leave from 11th May,32 to 24.6.'32, when the Asstt. Treasury Officer, Lala Shri Gopal, held charge in addition to carrying on his own duties. There were no changes of note.

BUDGET.

The budget sanction for the staff was R. 10,073-00-0 as compared with R. 10,541-10/- in the previous year and actual expenditure amounted to R. 9,425- 4-0.

OFFICE WORK.

Fewer files were instituted during the year under report (5,791 as compared with 6,595) and disposals were satisfactory, only 145 remaining pending at the end of the year.

INSPECTIONS.

The Pisarat and Tahsils Treasuries and accounts were inspected by the Treasury Officer and the Accountant during the year.

The Asstt. Treasury Officer inspected the accounts of all the departments at head quarters.

STAMPS.

The opening balance of the Court Fee stamps was 6,795, of the value of R. 10,421-13-0. During the year 39,466 of the value of R 27,545/- were made and 38,920 of the value of R. 21,005-8-0 were sold. In the previous year 44,305 of the value of R. 25,610-14-0 were sold.

Chapter II.

Chapter II.

Finance.

ESTIMATED INCOME AND EXPENDITURE.

The estimated income for the year amounted to Rs. 10,08,840/- and the estimated expenditure to Rs. 10,35,929-5-4, but after deducting "Probable Savings" of Rs. 30,000/- the total estimated expenditure came to Rs. 10,05,929-5-4. I proposed carrying out the construction of the Kala Buja Bundh project out of capital expenditure, but it was ordered that this item should be put in the ordinary budget, and so, after allowing Rs. 41,002/- for it, the estimated expenditure finally came to Rs. 10,46,931-5-4 leaving an estimated deficit of Rs. 38,091-5-4.

The normal estimated income for the previous year, leaving out abnormal items for neota and biswedari came to Rs. 9,98,170/-, and the normal estimated income for the current year, leaving out Rs. 5,500/- for neota and biswedari, was Rs. 10,03,340/- showing an increase of Rs. 5,170/-.

The estimated expenditure of Rs. 10,35,929-5-4 (leaving out the Kala Buja project) shows a nett increase of Rs. 44,876-4-8 on the previous year, but Rs. 75,650-12-0 of the increase was of a non-recurring nature and only Rs. 10,387-1-2 of a recurring nature whereas Rs. 14,686-9-6 of the decrease was of a recurring nature and Rs. 26,474-15-0 of a non recurring nature. The nett result was an estimated decrease in recurring expenditure.

ACTUAL INCOME.

The actual income of the year amounted to Rs. 10,04,169-15-0, which was short of the estimated by Rs. 4,670-1-0, due mainly to failure of income from neota and biswedari, which latter head, instead of producing Rs. 5,000/- as estimated, actually showed a deficit of Rs. 600-0-3 owing to

to refunds due to depression in agricultural affairs.

If these extraordinary items of nooth and birradari are left out, there was an increase of R. 1,450-5-3 over the estimated receipts of the year.

Decreases occurred under Land Revenue, R. 5000/ under Arrears, R. 6,000/-; under Excise, R. 6,000/-; and these were set off by increases under Interest R.11,864/-6-7; and Miscellaneous R. 7,213-0-0, the latter was due to a profit obtained from the temporary purchase and sale of some 3½ Government securities.

If the normal actual income is compared with the normal actual income of the previous year, there was an increase of R. 10,906-1-5, which is satisfactory. Details of Receipts are given in Appendix XI.

ACTUAL EXPENDITURE. The actual expenditure for the year totalled R. 5,98,949-7-2, including R. 37,736-11-6 spent on the construction of the Nala Baja Bandh, which represents a saving of R. 57,981-14-2 - that is to say, a sum of R. 27,981-14-2 in excess of the estimated "Probable Savings" of R. 30,000/-, which is very satisfactory in face of the fact that certain heavy extraordinary expenditure had to be met.

Sanction had to be obtained from the Revenue Member for a number of reappropriations owing to extra-ordinary expenditure incurred.

R. 24,000/- were sanctioned by Council for the Rajaji Bahadur's visit to England and to meet this R. 13,000/- was provided from the ordinary "Travelling" head, while R. 4,000/- from "Bath Khanah", R. 2,000/- from "Entertainment", R. 2,000/- from "Power House" and R. 1,000/- from "Gardens", were transferred with Council approval. Actual expenditure incurred amounted to R. 18,682-8-6 only.

In account of H.H. the Maharaja Bal

Saheb Bahadur's Meikhamati tour a sum of Rs. 7,500/- was reappropriated from the P.W.D. budget and Rs. 500/- from the Mala Buja Fundh item.

The expenditure under "Kunlhe and Nalla" exceeded the budget sanction owing to the high cost of the tube well undertaking and so Rs. 5,752/- re-appropriation was sanctioned, towards which Rs. 4,252/- was provided from P.W.D. works and Rs. 1,500/- from the Mala Buja Fundh item.

Sanction was also obtained for Rs. 5,150/- under "Moota Parwarish" expenditure from General Savings, on account of dastur on the occasion of the installation of Maharaja Shiraj Umaid Singhji on the gaddi of Shahpura. He is related to Bhotri.

After the above readjustments, there remained a few items in the budget, 6 in all, in which expenditure exceeded the budget allotment, but in all cases the excess was very ~~xxxxx~~ petty, as will be seen by reference to Appendix XXI in which details of expenditure are given.

SURPLUS.

The actual income having come to Rs.10,04,169/15/ and the total expenditure having been Rs. 9,88,949-7-0, there was a surplus of Rs. 15,220-7-10 on the year's working.

ALWA BUDGET.

Transactions under debt heads are shown in Appendix XXII as "Alwa Budget". The total amounts credited and debited under the various heads come to Rs. 14,44,340-14-11 and Rs. 14,34,005-15-1. The main heads are:-

Marwari. Under this head there is an excess of credit over debit of Rs. 11,318-9-9.

Sagul Talab. Credit and debit transactions resulted in a credit excess of Rs. 1,540-5-3.

Amanta. The excess of debit over credit in this

this head was mainly due to the adjustment of Rs. 16,695-12-0, on account of the jagir of Thakur Hari Singh (under Court of Wards) and of old outstanding items amounting to Rs. 11,387-10-3 of Nizamat Kot. Both these items were credited to the head Miscellaneous.

Kothi. The credit of Rs. 2,65,211-7-9 as against a debit of Rs. 34,905-1-3 was chiefly due to the settlement of the long-outstanding debt of Seth Duli Chand amounting to Rs. 2,30,995-15-9. Out of this Rs.91,840/15/9 was written off by Council sanction and Rs. 1,39,155/- was credited as being the value of landed property received from the Seth's family in satisfaction of the debt.

Miscellaneous. The credit of Rs. 31,016-8-7 under this head was due to settlement of outstanding items under Amanta Hawalgi, Refund and Wasultalab heads.

Written off. The debit of Rs. 2,32,195-14-3 was due to the settlement of Seth Dulichand's debt referred to above and of other miscellaneous items outstanding under Hawalgi and Kothi heads.

CASH BALANCE

The cash balance at the beginning of the year was Rs. 4,52,444-8-10, while by the end of the year it increased to Rs. 4,77,400-0-6. Of this sum Rs. 3,08,848-1-0 was in the different treasuries of the Thikana, Rs. 1,51,167-5-9 in the current account in the Imperial Bank of India at Jaipur, a sum of £ 553-16-1 equivalent to Rs. 7,384-2-9 in their London branch, and a sum of Rs. 10,000/- in transit from the Jaipur branch to the London branch to meet the expenses of the Raja Sahib's visit to England.

ASSETS.

The total assets at the commencement of the year stood at Rs. 27,62,842-0-9, but at the close of the year

149-15-2

year they were R. 27,00,~~xxxxx~~,

showing a fall of R. 61,692-1-7, inspite of the fact that the cash balance had risen by R. 24,955-7-8, and securities had appreciated by R. 1,26,051-8-0. This is mainly accounted for by the settlement of Seth Gulichand's debt (vide above) in which connection R. 2,30,995-5-9 was debited in Kothi, and so the decrease was really due to the settlement of an almost bad debt.

The question of investment of a portion of the current balance was being considered when the year came to a close and ~~xxxxx~~ shortly after R. 1,50,000/- was put in Safe Deposit with the Imperial Bank for one year.

Comparative details of assets will be found in statement A attached and in statement B the details of all Thikana investments are shown.

Chapter III.

Accounts Department.

STAFF. Chaudhri Sakar Singh continued in charge of the accounts department throughout the year. Owing to the new system of checking pay bills, pre-audit, and the extension of Imprest, one Sakhla clerk was transferred to the Treasury and the budget clerk was transferred to the Accounts Department.

Two more clerks were sent to Jaipur for training in accounts and returned after 6 months.

BUDGET. The allotment for the staff was R. 7,800/- as compared with R. 7,757-3-0 in the last year, the increase being due to increase in pay of two clerks. Actual expenditure was R. 7,683-5-9.

During the year 976 accounts concerning items totalling Rs. 45,69,036-5-9 were audited and adjusted as against 1305 in the previous year. The reduction in the number of accounts was due to the adoption of the pre-audit system.

OFFICE WORK.

In the accounts and miscellaneous branches respectively 1271 and 625 accounts were received and disposals were satisfactory.

The Kotha of Samvat 1987 was completed.

No visit was paid during the year by the State Travelling Auditor.

AUDITOR.

Chapter IV.

Public Works Department.

Sardar Surbachan Singh B.Sc. (Edin) remained in charge of the department throughout the year, and was assisted by 2 trained Sub-Overseers on the permanent staff. In addition an extra staff of 2 Sub Overseers and some supervising clerks had to be engaged on account of the heavy programme and the cost Rs. 2,556-14-3 was charged to works. Kanwal Ram Kanodia, a matriculate of the Khetri High School was sent during the year to the Govt. School of Engineering at Rewari as a nominee of the State for training as a Sub Overseer at Thikana expense.

STAFF.

Two boys of Khainslana, where black marble is quarried, were sent to the Arts School at Jaipur for training in stone work and polishing, and they are still undergoing training there.

The allotment was Rs. ~~Rs.528-7~~ 11,262-8-0 as against Rs. 9,528-7-0 in the previous year. The difference was due to certain adjustments and increases in the pay of some of the staff, and

BUDGET.

and in extra sanction for stationary and postage.

Actual expenditure amounted to Rs. 10,419-15-3.

EXPENDITURE ON WORKS.

The ordinary budget sanction for works was Rs. 1,64,226/- against Rs. 1,16,000/- in the previous year. As proposals for the construction of a drawing room at Jaipur and a gymnasium hall at Khetri for the High School could not be undertaken and funds were required for expenditure under other budget heads, the amount of Rs. 11,752/- provided for both the works was subsequently transferred to General Misc. and Wells heads. The budget after these reappropriations amounted to Rs. 1,52,474/- against which Rs. 1,52,448-14-9 was spent.

A special sanction of Rs. 41,002/- was given by Council, while sanctioning the budget, for the construction of the Kala Raja Bandh. Its estimates and plans were prepared by the Jaipur P.W.D. and the work was carried out according to the instructions and specifications given by the Irrigation Engineer. From this sanction an amount of Rs. 2,000/- was transferred to the aforesaid budget heads. The main bandh was completed at a cost of Rs. 37,736-11-6. The Thikanais much indebted to Mr. Bigsby and to Mr. Baines and Sardar Chaitan Singh of the Irrigation Department for all the trouble they took in connection with the preparation of the plan and estimates and in the supervision of the work.

A list of the chief works undertaken during the year is given in Appendix XXIII. The important ones were as follows:-

(a) Police Lines at Khetri - The work was started last year. A sum of Rs. 11,000/- was provided in the budget for its completion. Rs. 10,039-2-9 was spent during the year and the work was completed

completed at a total cost of Rs. 35,571-3-0.

(b) Record Office at Khetri - Rs. 8,507-6-6 was spent in the previous year on this building. Rs. 8,500/- was provided for it in the current year's budget, out of which Rs. 5,641-8-9 was spent and the building was completed.

(c) Anglo-Vernacular Middle School at Kot- Rs. 19,957-1-0 was spent on this work in the last year, Rs. 19,136/- was provided in the current year's budget and Rs. 19,150-1-6 was spent. Some more rooms are still to be added to the building in the next year.

(d) An Infectious Cases ward was constructed at Khetri at a cost of Rs. 6,331-0-3.

(e) Police Out-Post at Hiradhnu - was constructed at a cost of Rs. 7,012-1-6.

(f) Record Office at Chirawa and Seeds Godown at Kot for the Agricultural Department were constructed at a cost of Rs. 5,811-13-6 and Rs. 3,625-11-0 respectively.

(g) Three new Customs Chowkies were constructed at Narehra, Gordhanpura and Gonera and three were repaired at a total cost of Rs. 8,126-1-0.

ROADS.

Three miles of the metalled Jubilee and Sardar roads were reconsolidated at a cost of Rs. 7,141-1-9 and approach roads to Jainiwas, Sukhmahal and Diwankhana were consolidated and painted with Bituvels at a cost of Rs. 5,972-13-9 and Rs. 2,112-15-9 respectively. A portion of the town road was consolidated and some drainage arrangement was made at the cost of Rs. 1,969-9-3 and Rs. 1,439-9-0. Permanent gangs for the roads were maintained at a cost of Rs. 5,183-1-2.

Total expenditure on works including Kala uja amounted to R. 1,90,185-10-3 out of which petty works amounting to R. 7,096-3-0 were carried out by district and other officers and the rest by P.W.D. on contract and departmentally.

The department carried out miscellaneous works for other departments and their value amounted to R. 12,895-11-9 out of which R. 3,046-10-0 was spent in the repairs of bundhs and wells. Thus the total value of works carried out by the department during the year amounted to R. 1,95,985-3-0 against R. 1,42,960-12-3 in the last year.

WORKSHOP. The budget allotment remained unaltered at R. 1,260/- and R. 1,200-4-0 was spent. Work of the value of R. 11,830-7-9 was carried out as compared with R. 10,824-1-0 last year.

Chapter V.

Forest Department.

STAFF. This department remained in the charge of L. Inayat Ali Khan during the year. No alterations were made in the number of the staff.

BUDGET. The allotment was increased slightly from R. 8,269-10-0 to R. 8,253-8-0 and actual expenditure amounted to R. 7,444-11-3.

INCOME. The income for the year came to R. 3,758-14-0 as compared with R. 3,939-4-9 in the previous year. The decrease was mainly due to fall in the sale of wood.

Only a portion of the grass supply was cut departmentally and the rest was given out on contract, as a large supply was not required owing to the fact that stocks were ample.

Wood, 3,553 maunds, and charcoal, 413 maunds, were sold by the department to the Bagar, Distillery and to the public.

Roadside trees were planted and cared for.

The department really includes staff which is usually provided under the separate head of Shikar-khana.

In order to economise, the question of combining the Bagar and this department was mooted, but no action was taken before the close of the year.

Chapter VI.

Bagar.

Staff.

M. Tahiruddin was in charge of the Bagar throughout the year except for a period of 2 months when he was absent on leave and when his work was carried on by the Forest Officer.

BUDGET.

The allotment was Rs. 2,012-8-0, a slight increase on the former year and Rs. 1,944-9-0 was actually spent.

The following statement gives the supply and issue of grass, fodder, wood, etc., during the year:-

	Grass Mds.	Karab Mds.	Charapala Mds.	Wood Mds.	Char-coal Mds.
Opening balance	14,112	2,429	924	3,114	132
Additions	10,219	55	3,220	2,270	387
Total	24,331	2,484	4,144	5,384	519
Issue	7,354	1,130	2,623	2,031	250
Stock in hand.	16,977	1,354	1,521	3,353	269

Grass ensilage was made and supplied to the Atish.

In addition to the grass at the Bagar, stock amounting to 27,161 maunds of the value of Rs. 10,786/- was maintained at various other centres.

Chapter VII.

Kothi.

The budget allotment remained ~~xxxxxxx~~ the same a before, viz 732/-, and actual expenditure was Rs. 622/-.

The Kothiar, which was managed along with the Kothi, under one Muntazim, was abolished in June as a measure of economy, and so under this head a sum of Rs. 28/- per mensem, or 336/- per annum, was brought under saving.

The amount due from debtors at the commencement of the year was Rs. 3,70.129-14-2 out of which Rs. 3,42,848-1-2 concerned the Sadar Kothi and Rs. 27,281-13 the mufffusil Kothies. During the year fresh loans amounting to Rs. 20,565/- were given from the Sadar Kothi to 133 persons. Last year Rs. 20,629-12-0 was given to 158 persons. Thus the total debt, ~~xxxxx~~ with accrued interest of Rs. 2,002-10-6, for the year, amounted to Rs. 3,92,697-8-8. Out ofthis Rs. 24,697-0-9 and Rs. 863-13-9 were realised and Rs. 2,31,222-15-6 and Rs. 376-2-9 were written off in Sadar and Pargana Kothies respectively. A settlement of the long outstanding big loan of Seth Suli Chan was made under ~~xxx~~ Council sanction dated 18th April, 1932, and the above item of Rs. 2,31,222-15-6 includes Rs. 2,30,995-15-9 for this loan. Property valued at Rs. 1,39,155-0-0 belonging to Seth Suli Chand was taken over by the Thikana in satisfaction of the loan. Thus the amount that remained due at the close of the year, was Rs. 1,09,495-11-5 for Sadar Kothi and Rs. 26,041-12-6 for the Pargana Kothies. In the Sadar Kothi the amount of Rs. 35,766-0-0 bears interest while Rs. 73,729-11-5 of Sadar Kothi and an amount of Rs. 26,041-12-6 concerning Pargana Kothies carries no interest and it mostly consists of bad debts.

The year's transactions are given in Appendix

Appendix XXIV while the details of loans given to the employees including jagirdars and others are shown in Appendix XXV. To help local interprise, two loans, one of R. 1,500/- in two instalments and another of R. 2,000/- were advanced on reliable securities to persons not employed in the Thikana. The first was given without interest to one Shamshed Ali for starting a Poultry Farm and the other, which carried interest to Mohammed Ismail for erection of a building for starting a workshop for manufacturing 'Sola.'

Appendix XXV/A gives details of such loanees to whom loans were advanced after Samvat 1979 and who failed to pay their instalments at the fixed time. The total number of such loanees from whom payments were due during the year was 313 and the number of defaulters was only 8. They were all jagirdars except one who was dismissed from service in the previous year. Out of the demand of R. 1,879-7-3 only R. 850-9-9 remained unrealised. They will have to pay interest at extra rate according to Kothi rules and the amount due is being realised by the attachment of jagir and property.

The Kothi as usual maintained the accounts of the estates of Raswanji's and other temples which are under Court of Wards under the Revenue Department, and at the close of the year an amount of R. 19,483-12-0 was to their credit in the Kothi. During the year an amount of R. 7,310-0-0, out of the temple funds was advanced to the Revenue Department for investment.

An amount of R. 60,877-11-6 was due from cultivators on account of Taccavi given by the Revenue Deaprtment at the commencement of the year. Out of this R. 58,106-13-9 was on account of principal and R. 2,770-13-9 on account of interest. Fresh

Fresh loans amounting to R. 3,880/- only were advanced during the year. The demand for the year including arrears was R. 19,869-9-6 on account of principal and R. 4,808-0-6 on account of interest, against which the realisations amounted to R. 9,492-9-0 and R. 1,773-8-3. Thus the amount that remained due at the close of the year, was R. 52,494-4-9 on account of principal and R. 3,034-8-6 on account of interest. Out of the principal R. 42,117-4-3 will become due in years to come.

Chapter VIII.

Kothiyar.

As noted above the Kothiar was abolished and thus a saving of R. 1,248/- per annum was effected for future. During the year R. 996-11-0 was actually spent. It was arranged that in future purchases of grain, gram etc should be made direct by the departments concerned, such as Atish, Nizala, etc, and for items such as flour, etc arrangements were made with a modi.

Details of transactions done during the year are given in Appendix XXVI.

Chapter IX.

Charity.

Under the head Charity there are two sub heads - ordinary and extra-ordinary.

The ordinary allotment for the year, which consists mostly of pensions and doles to temples and to the poor was R. 16,907-3-6 as against R.16,514-3-6 for the last year. There was an increase of R. 676-14-0 and a decrease of R. 283-14-0. The main increase was one of R. 600/- the sum fixed by the Council for the aid to the Sardar Charity Fund and another of R. 66/- for the pay of a Brahman who performs 'puja' at the Chhatri of the late Raja

Raja Amar Singhji Bahadur that was recently completed.

The extraordinary item of Rs. 2,000/- was the same as for last year.

The actual expenditure against total allotment of Rs. 18,907-3-6 under this head came to Rs. 16,542-5-9.

ANATHALAYA.

The income for the Anathalaya, or "Poor House", consists of deductions from ~~xxx~~ salaries of officials drawing more than Rs. 10/- per mensem and from interest and from interest of the balance invested in Government Securities. The total income was Rs. 4,842-11-6. Out ofthis Rs. 3,010-11-0 was spent, and Rs. 949-12-6 was invested in Govtt. loan. 59 persons were receiving aid at the beginning of the year and at the end the number was 60.

~~Xxxxx~~ Certain repairs were carried out in the Anathalaya building at a cost of Rs. 893-7-9 debited to the P.W.D. budget.

Chapter X.

Atish.

STAFF.

Thakur Lal Singh remained in charge of the Atish throughout the year, and his charge included the Stud Farm at Moi, the Bhutakkhana and Rathkhana.

BUDGET.

The allotment for the Atish proper was Rs. 14,309-15-0 as compared with Rs. 13,539-13-0 in the previous year. The increase was of a non-recurring nature.

Actual expenditure amounted to Rs. 13,309-5-3.

Four young Rajputs of the Bera Thakur Log were sent to the Jaipur Lancers for training as Col. Thakur Amar Singh very kindly consented to put them through a course of equitation.

VETERINARY DOCTOR.

The qualified Veterinary Doctor attached to the Atish put in useful work during the year. He attended cases of cattle disease in the district and innoculated 450 cattle in the Kot pargana for renderpest.

KOI STUD FARM.

The budget allotment for the Farm was Rs. 9,425-2-6 as compared with Rs. 10,250-1-0 last year, and actual expenditure amounted to Rs. 5,251-8-9.

The stud is progressing moderately. Lack of green stuff is felt, though arrangements exist for the provision of ensilage (of grass) and of lucerne.

SHUTARKHANA.

The number of camels maintained was 52 and out of these 15 she-camels and 15 young stock belong to the Tola. The others are riding camels and "mashak camels".

MISCELLANEOUS CATTLE.

Details of Miscellaneous cattle belonging to the Thikana are given in Appendix XXVII.

ENSILAGE.

In order to teach villages, specially those where milch cows and buffaloes are maintained for the manufacture of ghee, the benefits to be obtained from ensilage, I arranged for ensilage to be carried out in 5 centres, Simla, Sanwlod, Bakhtawarpura, Signor and Dalelpura. Officers were specially deputed and the work put in the charge of Risaldar Lal Singh. The cost of the green stuff, Bajra karbi and grass, and the labour was to be borne by the Thikana and the ensilage distributed free to selected owners of milch cattle later on.

It is of interest to note the attitude adopted by the villagers at the time of two of the centres

centres chosen, both Jat villages, which were, I maintain, under the evil influence of the Jat Sabha which had been allowed to be held at Jhunjhnu the previous year. They refused to supply, on payment, the Karbi necessary for the demonstration! In my absence the officers had the work carried out in neighbouring villages instead.

A sum of Rs. 252-2-6 was spent in all in the work thus carried out.

I intend repeating the experiment at the same centres for some years until the villagers see for themselves that ensilage will prove a boon to them.

Chapter XI. (Farashkhana)

STAFF. On the dismissal of the former Kuntazim, M.Narain Singh was appointed in charge of this department in addition to his own duties as Kuntazim Rasora up till June, when he was relieved of his Rasora charge.

BUDGET. The budget allotment was Rs. 4,956/- showing an increase of Rs. 552/- as compared with the last year due to the appointment of a tailor and a carpenter. The actual expenditure came to Rs.3,810-14-6 .

Provision of Rs. 12,675/- was made for the purchase of furniture, which was provided for the new upper storey at Sukh Mahal, Khetri House at Jaipur and so on, and the stock of beds, chairs, etc, was increased. Rs. 17,157-15-10 was actually spent in this line.

During the year the Farashkhana had to make arrangements for His Highness' durbar at Chirawa on his Shekhawati tour.

Chapter XII.

Kharkosh.

The department was in the charge of Munshi Liyaqat Hussain. The budget allotment remained the same, viz Rs. 2,066/- and Rs. 1,482-4-9 was spent.

STAFF.

Work of the value of Rs. 8,007/- was prepared during the year in the shape of uniforms, etc.

A tailor was sent to Jaipur for training, under the Master Tailor of the Jaipur Lancers with the kind permission of Col. Thakur Amar Singh.

Chapter XIII.

Motors.

The budget allotment for the year was Rs. 20,593/- as compared with Rs. 15,397/- of the previous year. The increase was mainly due to the provision of Rs. 5,000/- for the purchase of a new car.

Actual expenditure amounted to Rs. 18,645-9-3 and an English car was purchased in England, used during the Raja Sahib's stay there and brought out to India. A new lorry was also purchased out of the savings under this head (with the sanction of the Revenue Member).

A motor cycle with side car was purchased for the use of the P.W.D. engineers on road duty.

Chapter XIV.

Dower House.

The budget allotment amounted to Rs. 18,188/- there being an increase of Rs. 5,776/- over the last year. Salaries of the staff were adjusted and a new post of Pistry was established as batteries had gone out of use and no power had to be maintained by longer running of the engines. Most of the increase, was however, of a non-recurring nature.

Rs. 3,000/- was meant for the purchase of lamp standards for Khetri, but the idea was given up. Rs. 3,500/- was provided for a portable electric set, but one was purchased for Rs. 1,400/-. A sum of Rs. 2,000/- was transferred under sanction to "Travelling".

The actual expenditure amounted to Rs. 9,956-1-0.

A man sent to Amritsar for electrical training returned during the year and was put on the Power House Staff.

Chapter XV. (Rasora)

M. Narain Singh was in charge up till June, when Lala Bsant Lal was given charge. Budget allotment was Rs. 4,529/- same as before and actual expenditure Rs. 3,628-10-9.

Chapter XVI.

Toshakhana and Silehkhana.

Both these minor departments remained in the charge of Dhanji Dhabhai, one of the leading jagirdars. The budget allotment remained as before at Rs. 600/- and actually Rs. 480/- was spent.
